*The Third Miracle* Richard Vetere,1998-06-16 A priest is appointed to investigate miracles attributed to a woman in New York The probe leads Father Frank Moore to the woman s daughter abandoned when the mother entered a convent and they have an affair A study of miracles and the process of canonization A first novel

**The Third Miracle** Bill Briggs,2011-01-11 Part detective story and part courtroom drama with a touch of the supernatural The Third Miracle exposes for the first time ever the secret rituals and investigations the Catholic Church today undertakes in order to determine sainthood On a raw January 2001 morning at a Catholic convent deep in the Indiana woods a Baptist handyman named Phil McCord made an urgent plea to God He was by no means a religious man but he was a desperate man McCord s right eye was a furious shade of red and had pulsed for months in the wake of cataract surgery He had one shot at recovery a risky procedure that would replace part of his diseased eye with healthy tissue from a corpse Dreading the grisly operation McCord stopped into the convent s chapel and offered a prayer a spontaneous and fumbling request of God Can you help me get through this He merely hoped for inner peace but when McCord awoke the next day his eye was better suddenly and shockingly better Without surgery Without medicine And no doctor could explain it Many would argue that Mother Th odore Gu rin the long deceased matriarchal founder of the convent had interceded on McCord s behalf Was the healing of Phil McCord s eye a miracle That was a question that the Catholic Church and the pope himself would ultimately decide As part of an ancient and little known process top Catholic officials would convene a confidential tribunal to examine the handyman s healing to verify whether his recovery defied the laws of nature They would formally summon McCord his doctors coworkers and family to a windowless basement room at the Archdiocese of Indianapolis They would appoint two local priests to serve the roles of judge and prosecutor And they would put this alleged miracle on trial all in an effort to determine if Mother Th odore whose cause for beatification and canonization dated back to 1909 should be named the eighth American saint In *The Third Miracle* journalist Bill Briggs meticulously chronicles the Church investigation into this mysterious healing and offers a unique window into the ritualistic world of the secretive Catholic saint making process one of the very foundations on which the Church is built With exclusive access to the case and its players Briggs gives readers a front row seat inside the closed door drama as doctors are grilled about the supernatural priests doggedly hunt for soft spots in the claim and McCord comes to terms with the metaphorical third miracle his own reconciliation with the metaphysical As the inquiry shifts from the American heartland to an awaiting jury at Vatican City in Rome Briggs astutely probes our hunger for everyday miracles in an age of technology the Catholic Church s surprisingly active saint making operation and the eternal clash of faith and science

Healing in the Gospel of Matthew Walter T. Wilson,2014-12-01 Although healing constitutes both a major theme of biblical literature and a significant practice of biblical communities healing themes and experiences are not always conspicuous in presentations of biblical theology Walter T Wilson adopts an interdisciplinary approach to the healing narratives in the Gospel of Matthew combining the familiar methods of form redaction and narrative criticisms with insights culled from medical anthropology feminist theory disability studies and ancient archaeology His focus is the New Testament s longest and most systematic account of healing Matthew chapters 8 and 9 which he investigates by situating the text within a broad range of ancient healing traditions The close exegetical readings of each healing narrative culminate in a final synthesis that pulls together what can be said about Matthew s understanding of healing how Matthew s narratives of healing expose the distinctive priorities of the evangelist and how these priorities relate to the theology of the Gospel as a whole

Teaching with Authority Edwin K. Broadhead,1992-01-01 The Gospels of the NT are strategic narratives of proclamation The primary focus of these narratives is christological Miracle stories play a central role in this narrative process and in its

resulting christological portrait Strategies of interpretation must be consciously shaped to highlight this narrative strategy and its christological focus The first three statements now seem self evident yet these conclusions were reached relatively late in the history of research The fourth contention lies at the center of recent methodological debate in Gospel studies This analysis will re evaluate the miracle traditions through a methodology designed to highlight the narrative identity and the christological focus of the Gospel of Mark The primary goal of this analysis is reconsideration of the role played by miracles stories in the characterization of Jesus As a secondary goal this analysis will address the ongoing question of which methodological approaches best contribute to the aims of NT studies Homiletic Review ,1892 A royal indiscretion Richard Marsh,1909 **Christmas Redemption** Edie Ramer,2016-07-21
