Haynes, 2007-10-12 Jeffrey Haynes adopts a chronological and conceptual approach to introduce students to the central themes and theoretical perspectives in the study of religion and development in the developing world focusing on key themes including environmental sustainability health and education **Religion, Politics and International Relations**

Jeff Haynes, 2011-04-07 A leading authority in the discipline Jeffrey Haynes has contributed to many of the most significant debates in the fields of religion politics and religion international relations in the last twenty years This book brings together many of his most influential essays offering a comprehensive analysis of religious actors and their political goals In recent years scholars have identified a range of religious actors with a variety of political goals The aim of this collection is to identify and examine political activities of selected religious actors in both domestic and international contexts The introductory chapter sets the scene for the collection providing a clear understanding of why how and when religious actors act politically both within and between countries Over the course of 15 essays Jeffrey Haynes presents a survey of the interaction of religion and politics both domestically and internationally in relation to a variety of issues and draws the findings together in a new conclusion written for the volume This work will be of great interest to the growing number of scholars and students and practitioners internationally who work on religion and politics in both domestic and international contexts **Human Rights and World Trade**

Ana Gonzalez-Pelaez, 2004-08-02 A new and incisive analysis of the political viability of human rights with an in depth investigation of its largest violation world hunger Gonzalez Pelaez develops John Vincent's theory of basic human rights within the context of the international political economy and demonstrates how the right to food has become an international norm enshrined within international law She then assesses the international

normative and practical dimensions of hunger in connection with international trade and poverty Using the society of states as the framework of analysis she explores the potential that the current system has to correct its own anomalies and examines the measures that can move the hunger agenda forward in order to break through its current stagnation

**The Global Politics of Power, Justice and Death** Peter Anderson, 2005-07-15 This exciting new text adopts a challenging question led approach to the major issues facing global society today in order to investigate the nature and complexity of global change Among other things it looks at the future of the state the environment the international political economy war and global rivalries and the role of international law and the UN in the post Cold War world The book devises a readily comprehensible change map which both incorporates a wide range of the fundamental concepts of international relations theory and suggests a number of new concepts capable of assisting the investigation of global change This new framework is deployed to look closely at real world issues in order to isolate the crucial factors which determine whether or not mass hunger for example or environmental abuse can be eliminated

Comparative Politics Charles Hauss, 2000 This comprehensive text focuses on traditional issues and concepts in comparative politics using a unique theme domestic responses to global challenges The author examines the growing interdependence among strong and weak states and discusses 12 countries including the U S and the European community to help students develop their skills of comparison synthesis and interpretation the author organized the text by economic development

**Gender in Third World Politics** Georgina Waylen, 1996 This book puts forward a gendered analysis of third world politics It uses a wide definition of the political to examine both high politics and political activity at the grassroots focussing particularly on women s organizations It also examines the impact of policy and politics on gender relations and on different groups of women After a general discussion of the major theoretical questions involved in the study of gender in third world politics and the nature of the third world and development the analysis is developed through the indepth study of different political formations These are colonialism revolution authoritarianism and democracy and democratization and uses examples from much of the third world Gender in Third World Politics is the only book to provide comprehensive coverage of gender in third world politics provides a gendered analysis of both high politics and different women s political activity at the grassroots weaves together material from a wide range of disciplines such as politics sociology history development studies and women s studies
