Third World Princess:

Third World International, 1993 Thirdworld, 1997 **Third World Princess** Michael T. Maloney, 2000-10 A coming of age romantic fantasy A tragic parody of the Columbian oligarchy *The Shoe Princess's Guide to the Galaxy* Emma Bowd, 2009-06-01 Do you ever get the feeling that your sparkly red slippers might be sliding over the edge of the yellow brick road Thirty something shoe worshipper Jane Meadows knows it only too well **Latinx Revolutionary Horizons** Renee Hudson, 2024-05-07 A necessary reconceptualization of Latinx identity literature and politics In *Latinx Revolutionary Horizons* Renee Hudson theorizes a liberatory latinidad that is not yet here and conceptualizes a hemispheric project in which contemporary Latinx authors return to earlier moments of revolution Rather than viewing Latinx as solely a category of identification she argues for an expansive historicized sense of the term that illuminates its political potential Claiming the x in Latinx as marking the suspension and tension between how Latin American descended people identify and the future politics the x points us toward Hudson contends that latinidad can signal a politics grounded in shared struggles and histories rather than merely a mode of identification In this way *Latinx Revolutionary Horizons* reads against current calls for cancelling latinidad based on its presumed anti Black and anti Indigenous framework Instead she examines the not yet here of latinidad to investigate the connection between the revolutionary history of the Americas and the creation of new genres in the hemisphere from conversion narratives and dictator novels to neoslave narratives and testimonios By comparing colonialisms she charts a revolutionary genealogy across a range of movements such as the Mexican Revolution the Filipino People Power Revolution resistance to Trujillo in the Dominican Republic and the Cuban Revolution In pairing nineteenth century authors alongside contemporary Latinx ones Hudson examines a longer genealogy of Latinx resistance while expanding its literary canon from the works of Jos Rizal and Martin Delany to those of Julia Alvarez Jessica Hagedorn and Leslie Marmon Silko In imagining a truly transnational latinidad *Latinx Revolutionary Horizons* thus rewrites our understanding of the nationalist formations that continue to characterize Latinx Studies *Translations/Transformations* Valerie Wayne, Cornelia Niekus Moore, 1993-01-01 **South**, 1986 *Women in Classical Video Games* Jane Draycott, Kate Cook, 2022-08-11 Despite the prevalence of video games set in or inspired by classical antiquity the medium has to date remained markedly understudied in the disciplines of classics and ancient history with the role of women in these video games especially neglected *Women in Classical Video Games* seeks to address this imbalance as the first book length work of scholarship to examine the depiction of women in video games set in classical antiquity The volume surveys the history of women in these games and the range of figures presented from the 1980s to the present alongside discussion of issues such as historical accuracy authenticity gender sexuality monstrosity hegemony race and ethnicity and the use of tropes A wide range of games of different types and modes are discussed including platformers strategy games roguelikes MOBA action RPGs and story driven romance mobile games The detailed case studies presented here form a compelling case for the

indispensability of the medium to both reception studies and gender studies and offer nuanced answers to such questions as how and why women are portrayed in the ways that they are

Global Political Economy Ronen Palan, 2013-05-07 Global Political Economy GPE is a broad and varied field of study and draws insight from a great number of fields and approaches One of the serious problems confronting academics and students is the sheer mass of theories and debates in the field This textbook provides up to date summaries of the debates and approaches that are currently at the forefront of both European and American GPE This new revised and expanded second edition contains updated versions of most of the original chapters In addition there is a new section entitled Emerging issues in contemporary Global Political Economy GPE and six new chapters The second edition is structured around three themes Part I focuses on the six central concepts of GPE state firm power labour finance and globalization Each one of them has been increasingly subjected to a rigorous and critical evaluation in recent scholarship Part II covers a select number of theories and debates currently at the forefront of GPE game theory behavioural economics neo sociological and evolutionary institutionalism neo Marxism development and post development libidinal economies and economic constructivism Part III which is new to this edition is entitled Emerging issues in contemporary Global Political Economy GPE and focuses on war state and International Political Economy IPE race gender and culture environmental politics and the rise of China This is essential reading for all serious scholars and advanced students of IPE

Following Francis Susan Pitchford, 2006-05-01 A wonderful resource to guide admirers of the humblest of saints what it means to live out the Christian life with a Franciscan accent In a little town in Italy nearly 800 years ago Francis of Assisi renounced everything he owned to follow Christ with passionate and single minded abandon Even today centuries later this simple saint draws people around the world to his story of living in humility love and joy Here in Following Francis Susan Pitchford tells her own story of the Franciscan life as a member of the Third Order founded by Francis himself so that people from all walks of life can follow the saint's ideal without leaving their homes or occupations Pitchford learned that the Franciscan tradition isn't the exclusive possession of monks cloistered in a monastery but a spiritual path for ordinary people living in the 21st century
