Treasury of Thought Maturin Murray Ballou, 1894 *Treasury of Thought* D. Dagobert Runes, 1967-01-01 Treasury of Thought Maturin M. Ballou, 2015-06-17 Excerpt from *Treasury of Thought* Forming an Encyclopedia of Quotations From Ancient and Modern Authors The work herewith presented is the offspring of a desultory course of reading extending through a period of more than twenty years When in the pleasant paths of study an apothegm or vivid saying has been met with bearing the impress of mind and mature thought illustrating in a concise and significant manner a great truth or exhibiting some marked phase of philosophy or peculiar aspect of life with brief but happy expressions of familiar things such gems have been transferred from their original setting for record and classification The incipient steps in this direction were the natural ones of a thoughtful reader such as turned down leaves and marginal notes until a curiosity to compare the refined thought of one favorite author or classic authority with that of another upon the same theme led to a series of pencilled extracts upon various cardinal subjects Mental research was thus gradually stimulated to collect from the shores of literature such golden sands as from their brilliancy and suggestiveness dazzled both the sense and the imagination For years this constantly growing collection was solely pursued as a matter of personal interest and with no idea of future publication until its volume had so increased and its variety become so comprehensive as to attract the attention of others who were casually aware of its existence In a literary point of view the undersigned claims no merit save that of an industrious compiler whose labor has been its own great reward in the pleasurable memories it has aroused of those authors ancient and modern with whom so many delightful hours have been passed About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Treasury of Thought Maturin Murray Ballou, 2014-01 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book *Treasury of Thought* Maturin M.
