The Fall Of Colossus:

The Fall of Colossus D. F. Jones, 2019-03-07 The hugely powerful and pervasive presence of the Colossus supercomputer mechanically runs Earth and its myriad operations Managed by its creator Dr Charles Forbin it is incapable of lies and void of human emotion It is not a robot and not human As part of its brief to enhance the human race it runs eerie emotion research centres authorizing acts of savagery to measure resistance and feeling Art and abstract creation are banned and surveillance is constant No one is free The power of Colossus is spiralling out of control The Sect worship it as a God enforcing its word at every opportunity and seeking out traitors The Fellowship secretly oppose it as a force of evil and they risk their lives in a concentrated effort to destroy it and escape its domination Meanwhile as Forbin becomes increasingly disillusioned with what he has unleashed on the world his wife Cleo becomes distant with disastrous consequences
