400 years across the Ocean Walter Sawyer, 2022-10-28 There must be a greater power than all of us In 1607 an Indian named Squanto was kidnapped from his village He was taken across the ocean where he lived with a monk name Brother Daniel for fourteen years His dealings with the monks learning a new way of life enabled him to change his outlook on life Squanto learned the sensitivity of being tactful and sympathetic to others While Squanto was with Brother Daniel he met William Bradford and John Carver while staying at the monastery He escaped to a ship going back to America in time to meet with the Pilgrims there In 1608 four hundred English Protestants were exiled to Leiden Holland Dissatisfied with the Church of England they had hopes of reaching the promised land The reason for coming to America was not for religious freedom but religious persecution William Bradford the colonies governor wrote Advancing the kingdom of Christ to a new part of the world Squanto found his village wiped out from disease leaving the huts empty He suggested the Pilgrims occupy them that first winter only forty two Pilgrims survived out of 102 When the Pilgrims landed in America the Indians began to squabble between each other Acting as a go between as tempers escalated Squanto was quoted as saying We live on the same earth We live under the same moon We breathe the same air Why can't we get along For the next fifty years harmony existed between the settlers and the Indians
