## Straddling Borders:

Border Straddling Heritages Ali Mozaffari, David C. Harvey, 2025-11-01 The twin effects of ever increasing mobility and rising globalization have done much to dislodge formerly stable social relations and our sense of time and place In this exacting and geographically wide ranging reassessment of the overlap between borders and heritage Ali Mozaffari and David C Harvey interrogate how this hyperglobalization has simultaneously challenged and intensified notions of sovereignty and nationality Ranging from the impact of empathy in border heritage work to the Europeanization of war heritage narratives and border heritage complexes in the Middle East this volume illuminates the methodological implications of viewing heritage as both an engagement with the borders of the past and an activity that continually creates them A Research Agenda for Border Studies James W. Scott, 2020-12-25 This innovative Research Agenda uncovers links between different levels of border making processes or bordering from the political to the cognitive and connects everyday processes and experiences of border making to the wider social world It addresses the question of how everyday bordering practices and discourses can be productively linked to different aspects of social relations *Witnesses to Interwar Subcarpathian Rus'* Patricia A. Krafcik, 2024-06-10 In the midst of a contentious atmosphere of the interwar period the far eastern province of Subcarpathian Rus attracted the personal curiosity and professional attention of Russian ethnographer and theoretician Petr Bogatyrev and Czech journalist writer Ivan Olbracht Both traveled extensively in the region and immersed themselves deeply in the life and culture of the local residents Carpatho Rusyns and Hasidic Jews *Witnesses to Interwar Subcarpathian Rus The Sojourns of Petr Bogatyrev and Ivan Olbracht* explores for the first time in English the legacy they bequeathed in their respective work Bogatyrev as an apolitical ethnographic collector and theoretician and Olbracht as a passionately committed Communist whose reports and brilliant stories from the region including *Nikola uhaj Brigand* and *The Sorrowful Eyes of Hannah Karadjic* capture a glimpse of a world destined to change radically as a result of the ravages of war **Developing Power** Arvonne S. Straddling Borders Elaine Rusinko,2003-01-01 The Subcarpathian Rusyns are an east Slavic people who live along the southern slopes of the Carpathian mountains where the borders of Ukraine Slovakia and Poland meet Through centuries of oppression under the Austro Hungarian and Soviet empires they have struggled to preserve their culture and identity Rusyn literature reflecting various national influences and written in several linguistic variants has historically been a response to social conditions an affirmation of identity and a strategy to ensure national survival In this first English language study of Rusyn literature Elaine Rusinko looks at the literary history of Subcarpathia from the perspective of cultural studies and postcolonial theory presenting Rusyn literature as a process of continual negotiation among states religions and languages resulting in a characteristic hybridity that has made it difficult to classify Rusyn literature in traditional literary scholarship Rusinko traces Rusyn literature from its emergence in the sixteenth century through the national awakening of the mid nineteenth century and its struggle for survival under Hungarian oppression to its renaissance in inter war Czechoslovakia She argues that Rusyn literature provides an acute illustration of the constructedness of national identity and has prefigured international postmodern culture with its emphasis on border crossings intersecting influences and liminal spaces With extracts from Rusyn texts never before available in English Rusinko s study creates an entirely new perspective on Rusyn literature that rescues it from the clichés of Soviet dominated critical theory and makes an important contribution to Slavic studies in particular and post colonial critical studies in general
