

The Russian Revolutions

Leon Trotsky

The Russian Revolutions:

The Russian Revolution Sheila Fitzpatrick, 2017-09-29 The Russian Revolution had a decisive impact on the history of the twentieth century In the years following the collapse of the Soviet regime and the opening of its archives it has become possible to step back and see the full picture Starting with an overview of the roots of the revolution Fitzpatrick takes the story from 1917 through Stalin's revolution from above to the great purges of the 1930s She tells a gripping story of a Marxist revolution that was intended to transform the world visited enormous suffering on the Russian people and like the French Revolution before it ended up by devouring its own children This updated edition contains a fully revised bibliography and updated introduction to address the centenary what does it all mean in retrospect *The Origins of the Russian Revolution, 1861-1917* Alan Wood, 2004-06-01 Alan Wood provides a concise introduction to the Russian Revolution and its origins dating back to the emancipation of the Russian peasant serfs in 1861 The third edition of this successful pamphlet brings the historiography up to date to include the multitude of research in the last ten years that followed the collapse of the Soviet Union and the opening up of the archives *The Russian Revolution* E. M. Halliday, 2016-11-03 The turbulent events that overtook Russia in 1917 are often called one of history's great turning points In March of that year a corrupt outdated careworn autocracy the 300 year old Romanov dynasty was overthrown by a spontaneous uprising of Russia's long oppressed masses During the next few months Alexander Kerensky and other liberals in the provisional government attempted to adopt reforms But the continuing hardships of World War I and the pressure of Vladimir Lenin's Bolsheviks proved too much for them In the relatively bloodless coup d'état of November 7 Lenin and his associates seized control of the state Here from the eminent historian E M Halliday is the dramatic story of the Russian Revolution **The Russian Revolution** Anthony Wood, 1986 A popular concise guide one of the clearest available on the Russian Revolution **History of the Russian Revolution** Leon Trotsky, 2008 During the first two months of 1917 Russia was still a Romanov monarchy Eight months later the Bolsheviks stood at the helm They were little known to anybody when the year began and their leaders were still under indictment for state treason when they came to power You will not find another such sharp turn in history especially if you remember that it involves a nation of 150 million people It is clear that the events of 1917 whatever you think of them deserve study Leon Trotsky from History of the Russian Revolution Regarded by many as among the most powerful works of history ever written this book offers an unparalleled account of one of the most pivotal and hotly debated events in world history This book reveals from the perspective of one of its central actors the Russian Revolution's profoundly democratic emancipatory character Originally published in three parts Trotsky's masterpiece is collected here in a single volume It serves as the most vital and inspiring record of the Russian Revolution to date The greatest history of an event that I know C L R James Justly celebrated as a towering vivid historically vital work China Miéville October In Trotsky all passions were aroused but his thought remained calm and his vision clear His involvement in the struggle far from blurring his sight

sharpens it The History is his crowning work both in scale and power and as the fullest expression of his ideas on revolution As an account of a revolution given by one of its chief actors it stands unique in world literature Isaac Deutscher *The Russian Revolution* Ronald Kowalski,2005-08-09 The collapse of the Soviet Union in 1991 has provided fresh perspectives from which to view the Revolution out of which it grew The Russian Revolution 1917 1921 by Ronald Kowalski reviews the ever changing debate on the nature of the Russian Revolution This collection of documents and sources includes newspapers memoirs and literature commentary and background information of each source a narrative of the major events of the period new material made available since the policy of glasnost a re examination of World War One and the Revolution focus on thematic issues such as the actions of peasants and workers For students of European history this will provide interesting and informative reading on this major event in Russia s turbulent past **October** China Miéville,2017-05-09 In February of 1917 Russia was a backward autocratic monarchy mired in an unpopular war by October after not one but two revolutions it had become the world s first workers state straining to be at the vanguard of global revolution How did this unimaginable transformation take place In a panoramic sweep stretching from St Petersburg and Moscow to the remotest villages of a sprawling empire Miville uncovers the catastrophes intrigues and inspirations of 1917 in all their passion drama and strangeness Intervening in long standing historical debates but told with the reader new to the topic especially in mind here is a breathtaking story of humanity at its greatest and most desperate of a turning point for civilisation that still resonates loudly today China Miville tells the extraordinary story of this pivotal moment in history *The History of the Russian Revolution* Leon Trotsky,1957 History of the Russian Revolution is a two volume book by Leon Trotsky on the Russian Revolution of 1917 The first volume is dedicated to the political history of the February Revolution and the second to that of October Revolution with the intention of explaining the relations between these two events **The Russian Revolutions of 1917** John Shelton Curtiss,1982 [The Russian Revolution](#) Harold Shukman,1998 The Russian Revolution took place in 1917 but its causes lay in the 19th century and its effects were to shape world history This brief study outlines conditions in Russia prior to the revolution discusses the revolutions of 1905 and 1917 and concludes with an account of the Soviet regime **The Russian Revolution, 1917** Rex A. Wade,2017-02-02 This book explores the 1917 Russian Revolution from its February Revolution beginning to the victory of Lenin and the Bolsheviks in October **1917** Leonard Schapiro,1984 **The History of the Russian Revolution, Vol. I** Leon Trotsky,2025-06-25 The History of the Russian Revolution Volume One is a detailed and compelling account of the events leading up to and including the February Revolution of 1917 in Russia Written by Leon Trotsky one of the key figures in the revolution itself the work offers both a participant s insight and a historian s analytical perspective Trotsky examines the political social and economic forces that contributed to the downfall of the Tsarist regime exploring the tensions within Russian society and the growing discontent among workers soldiers and peasants Through a combination of narrative storytelling and theoretical analysis Trotsky delves into themes of mass

movements class struggle and revolutionary leadership His focus on the role of the proletariat the crisis within the ruling classes and the dynamics of revolutionary momentum highlights the complexities of historical change The first volume particularly emphasizes the spontaneous nature of the February Revolution and the inability of the old regime to respond effectively to mounting opposition Since its publication *The History of the Russian Revolution* has been regarded as both a primary historical document and a classic of Marxist literature Trotsky's sharp political insights combined with his vivid descriptions of social unrest and political maneuvering make the work an essential reference for understanding the dynamics of revolutionary movements The book continues to be studied for its narrative power its theoretical contributions and its detailed portrayal of one of the most significant upheavals in modern history

A Companion to the Russian Revolution
Daniel Orlovsky, 2020-08-21 A compendium of original essays and contemporary viewpoints on the 1917 Revolution The Russian revolution of 1917 reverberated throughout an empire that covered one sixth of the world It altered the geo political landscape of not only Eurasia but of the entire globe The impact of this immense event is still felt in the present day The historiography of the last two decades has challenged conceptions of the 1917 revolution as a monolithic entity the causes and meanings of revolution are many as is reflected in contemporary scholarship on the subject *A Companion to the Russian Revolution* offers more than thirty original essays written by a team of respected scholars and historians of 20th century Russian history Presenting a wide range of contemporary perspectives the Companion discusses topics including the dynamics of violence in war and revolution Russian political parties the transformation of the Orthodox church Bolshevism Liberalism and more Although primarily focused on 1917 itself and the singular Revolutionary experience in that year this book also explores time periods such as the First Russian Revolution early Soviet government the Civil War period and even into the 1920 s Presents a wide range of original essays that discuss Brings together in depth coverage of political history party history cultural history and new social approaches Explores the long range causes influence on early Soviet culture and global after life of the Russian Revolution Offers broadly conceived contemporary views of the revolution largely based on the author's original research Links Russian revolutions to Russian Civil Wars as concepts *A Companion to the Russian Revolution* is an important addition to modern scholarship on the subject and a valuable resource for those interested in Russian Late Imperial or Soviet history as well as anyone interested in Revolution as a global phenomenon

A People's Tragedy
Orlando Figes, 1998-03-01 On the brink of the 100th anniversary of the Russian Revolution read the most vivid moving and comprehensive history of the events that changed the world It is history on an epic yet human scale Vast in scope exhaustive in original research written with passion narrative skill and human sympathy *A People's Tragedy* is a profound account of the Russian Revolution for a new generation Many consider the Russian Revolution to be the most significant event of the twentieth century Distinguished scholar Orlando Figes presents a panorama of Russian society on the eve of that revolution and then narrates the story of how these social forces were violently erased Within the broad strokes of war and

revolution are miniature histories of individuals in which Figs follows the main players fortunes as they saw their hopes die and their world crash into ruins Unlike previous accounts that trace the origins of the revolution to overreaching political forces and ideals Figs argues that the failure of democracy in 1917 was deeply rooted in Russian culture and social history and that what had started as a people s revolution contained the seeds of its degeneration into violence and dictatorship A People s Tragedy is a masterful and original synthesis by a mature scholar presented in a compelling and accessibly human narrative

History of the Russian Revolution: Volume 1 Leon Trotsky,2022-11-30 The Russian Revolution of 1917 can be regarded as the greatest event in human history For the first time millions of workers and peasants took political power into their own hands sweeping aside the despotic rule of the capitalists and landlords and setting out to create a socialist world order based upon the rule of the Soviet of Workers Soldiers and Peasants Deputies Capitalism had broken at its weakest link The Russian Revolution heralded the beginning of the world revolution inspiring the hopes and dreams of millions Notwithstanding the terrible backwardness of Russia the new Socialist Soviet Republic represented a decisive threat to the world capitalist order It struck terror in the ruling classes everywhere which rightly regarded it as a threat to their power and privileges Leon Trotsky History of these events is a masterpiece It was the first time that a scientific history of a great event has been written by a man who played a dominant part in it Together with Lenin he led the Bolshevik Revolution and lived throughout its stormy events However this book is not simply a dramatic narrative but a profound analysis of the inner forces of the Revolution It remains by far the best account of the Russian Revolution today This volume spans from the February Revolution to the prelude of the July Days as well as the economic and political background of Russia before the Revolution Also featured in this edition is Alan Woods introduction to the series

The Russian Revolution, 1917-1945 Anthony D'Agostino,2010-12-16 This book offers a fresh analysis of the Russian Revolution from a global perspective It stresses the historical role of Soviet Communism in the modernization of the country the defeat of Nazism and the rise of American power and world leadership For students and scholars of the Russian Revolution there are pivotal questions that merit careful comprehensive consideration why did the Tsarist regime unravel in revolution Why did the Bolsheviks come to power rather than some other party How did Stalin rather than a more popular and respected leader win the mantle of Lenin and gain leadership of the ruling party How should Stalin s regime be judged by subsequent generations of Russians and in the context of world history In Russian Revolution 1917 1945 author Anthony D Agostino discusses all these questions His suggestions for further reading range over decades of writing on Soviet subjects and cite classics revisionist works curiosities and studies done during and since the Gorbachev years The book explores topics including the modernization of the Tsarist Russian state World War I the revolutionary project of Soviet Communism the nationalist transformation of Soviet Communism under international pressures the Big Drive to modernize Russia by force and the external threat of fascism

The Russian Revolution, 1900-1927 Robert Service,2009-06-02 This popular concise and highly readable study discusses

the key themes and debates about the Russian Revolution Robert Service's lively analysis examines state and society under the Romanovs from 1900 The February and October Revolutions of 1917 The final years of the Romanov dynasty and the start of the Soviet order Comparisons with political social and economic trends elsewhere in the world The extent to which the later development of the USSR was conditioned by the October Revolution Clear and incisive the fourth edition has been thoroughly revised and updated in the light of the latest research and features a new scene setting Introduction and maps Service's text remains the essential starting point for anyone studying this tumultuous period in the history of Russia and the world in the twentieth century *Russian Revolution of 1917* Sean N. Kalic, Gates M. Brown, 2023 Combining reference entries and examination of primary documents from the Russian Revolution this book gives students a better understanding of how and why political forces fought to reshape the Russian empire 100 years ago and provides keen insights into the Soviet Union that resulted This invaluable reference guide provides an understanding of the social political and economic forces and events in Russia that led to the 1905 Russian Revolution in which leftists radicals disposed of the Czar and his regime It addresses key developments such as the formation of the provisional government the Bolshevik Revolution in October 1917 and the Russian Civil War connected evolutionary historical events that fundamentally reshaped Russia into the Soviet Union This book serves students and general readers seeking a single source that provides in depth coverage of the Russian Revolution and the Russian Civil War Beyond the reference entries the book contains primary documents that cover the key events people and issues that emerged during Russia's revolutions and Civil War These documents give readers a more detailed understanding of how the Bolsheviks used calls for greater democracy to gain support for their revolution how the Bolsheviks used terror and control as means to maintain their power once the Bolshevik Revolution took place and why the Bolsheviks believed such extreme measures were needed Also included is a chronology of major events from 1890 through 1923 and a bibliography that serves as a starting point for more directed research [The Russian Revolution](#) Sean McMeekin, 2017-05-30 A powerful revisionist history Times UK illuminating the tensions and transformations of the Russian Revolution In *The Russian Revolution* acclaimed historian Sean McMeekin traces the events which ended Romanov rule ushered the Bolsheviks into power and introduced Communism to the world Between 1917 and 1922 Russia underwent a complete and irreversible transformation Taking advantage of the collapse of the Tsarist regime in the middle of World War I the Bolsheviks staged a hostile takeover of the Russian Imperial Army promoting mutinies and mass desertions of men in order to fulfill Lenin's program of turning the imperialist war into civil war By the time the Bolsheviks had snuffed out the last resistance five years later over 20 million people had died and the Russian economy had collapsed so completely that Communism had to be temporarily abandoned Still Bolshevik rule was secure owing to the new regime's monopoly on force enabled by illicit arms deals signed with capitalist neighbors such as Germany and Sweden who sought to benefit politically and economically from the revolutionary chaos in Russia Drawing on scores of previously untapped files from Russian

archives and a range of other repositories in Europe Turkey and the United States McMeekin delivers exciting groundbreaking research about this turbulent era The first comprehensive history of these momentous events in two decades The Russian Revolution combines cutting edge scholarship and a fast paced narrative to shed new light on one of the most significant turning points of the twentieth century
