Reskilling the Workforce for Technological Advancement Meçik, Oytun, 2024-02-19 The modern workforce is continually evolving, presenting an ongoing challenge to business stakeholders from workers to administration. Technological advancements, shifting consumer preferences, and the ever-changing global economic landscape have set the stage for a resounding conundrum: How can workers, employers, and society adapt to this rapidly transforming environment? *Reskilling the Workforce for Technological Advancement* presents an answer in the concept of reskilling existing workforces. As highlighted in the book, reskilling offers a path to not only address the challenges faced by individuals but also to propel businesses and society forward. The first issue at hand is the need for workers to continually develop new skills and adapt to new roles in response to technological advancements. *Reskilling the Workforce for Technological Advancement* presents a compelling solution by outlining how reskilling can open up new career opportunities, boost earning potential, and provide the necessary tools for individuals to remain competitive.
