Shorter children's literature is an art form in its own right, and this book is for everyone who wants not just to write for children but to write well for them. This short guide to creative writing for children is based on the author's own successful MA course. Andrew Melrose provides guidance on every aspect of the process of writing for children. He stresses the importance of writing for the child and not writing to or at them. Literacy and learning depend on writing and reading, and it is therefore the responsibility of the writer to understand who they are writing for. The book is divided into four sections which cover all aspects of the writing process. This book goes far beyond the how-to format to help writers learn the finely balanced craft of writing for children. It will be an indispensable handbook for aspiring and practising children's authors.
