An Everyday Life of the English Working Class Carolyn Steedman, 2013-12-05 This book concerns two men a stockingmaker and a magistrate who both lived in a small English village at the turn of the nineteenth century It focuses on Joseph Woolley the stockingmaker on his way of seeing and writing the world around him and on the activities of magistrate Sir Gervase Clifton administering justice from his country house Clifton Hall Using Woolley s voluminous diaries and Clifton s magistrate records Carolyn Steedman gives us a unique and fascinating account of working class living and loving and getting and spending Through Woolley and his thoughts on reading and drinking sex the law and social relations she challenges traditional accounts which she argues have overstated the importance of work to the working man s understanding of himself as a creature of time place and society She shows instead that for men like Woolley law and fiction were just as critical as work in framing everyday life

Religion in English

Everyday Life Timothy Jenkins, 1999-10-01 Starting from an ethnographic appraisal of the place of religious practices and thereby returning to an approach more recently neglected this book offers a detailed understanding of English everyday life Three contemporary case studies the life of a country church an annual procession by the churches in a Bristol suburb a range of linked spiritualist beliefs disclose the complex patterns and compulsion of ordinary lives including both moral and historical dimensions the distribution of reputation and conflict and the continuities of place and identity At the same time the approach revises previous accounts of English social life by giving a nuanced description of the construction of local lives in interaction with their wider setting It demonstrates the creation of local particularity under an outside gaze showing how actors create and cope with the forces of modernity In addition to the original ethnographic descriptions the book also contributes to the history and theory of the study of complex societies
