Path of the Wolf Marcela Elizabeth Astete Flores,2024 This is a personal journey that arose from the question Who am I It portrays how life shapes our way of perceiving reality and how we make the world we live in individually mostly unconsciously We are taken on a walk along a path of self discovery accompanied by the ancient wisdom of Sufism Tai Chi and the Cosmology of the Andes in addition to other sources of inspiration and knowledge that are wonderfully intertwined We can learn how anyone can apply wisdom in daily life and transform their life into a more satisfying experience It shows how conscious attention and neutral honest observation can add value to our everyday experience making us wiser centered and more powerful in the process We can see how fully accepting our humanity is the only way to love and respect ourselves and others We want to do this not only so that we can cultivate peace and harmony in our environment but more importantly because that is the fertile ground for human evolution towards developing our full potential **Skylanders SWAP Force**
