conceptual difficulties faced by gender equality law in Czechia These include an essentialist understanding of differences between men and women a notion that equality and anti discrimination law is incompatible with freedom and a perception that existing laws are objective and neutral while any new gender progressive regulation of social relations is an unacceptable interference with the natural social order Timely and provocative this book will be required reading for all scholars of equality and gender and the law *Post-communist Transformations* David Dornisch, Pascoe Elvin, Richard Kania, 1998 *A GUIDE TO THE WORLD OF TCIM MEDICINE* INSTITUTE FOR TCIM/CAM, A Guide to the World of TCIM Medicine offers an overview of current approaches studies and data from the field of holistic whole person healthcare Suitable as a resource for interdisciplinary collaboration or for expanding professional expertise Prague The publication was carried out with the support from the Capital City of Prague *Poetry Criticism* ,1991 *Entering Light* Bronislava Volková, 2002 A bilingual Czech English book of metaphysical and inspirational poetry with six color collages by author The Czechoslovak Press and the Reform Movement, 1963-1968 Frank L.
