*The White Problem in America*, 1965      *The White Problem in America* Ebony, 1966      *White America* Earnest Sevier Cox, 1923      *Ebony*, 1965-10 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine      **Ebony**, 1966-07 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine      **White America: The American Racial Problem as Seen in a Worldwide Perspective** Earnest Sevier Cox, 2019-05-18 A masterful survey of the relationship between racial homogeneity and the preservation of civilization described against a sweeping historical backdrop which includes Egypt India South America South Africa and finally the U S A The author proves how racial mixing has in every case led to the collapse of the original founding civilization and that the only solution to the problem is not segregation but total physical geographical separation The only solution for America this work argues is the repatriation of its nonwhite population to their continents of origin Written in the 1930s the highly accurate predictions of what would happen if a policy of separation was not followed makes the book s ultimate thesis even more urgent particularly in light of increasing anti white hatred and discrimination in America today The American problem is not beyond the possibility of permanent solution but such successful solution will probably depend upon the attitude of the present and the succeeding generation of whites We know the long continued dwelling together of blacks and whites during the past sixty centuries has had but one ending amalgamation Imagine the mulattoes and the nearer whites of the United States to be greatly augmented in numbers Eventually the nation would cease to reflect Caucasian ideals and cease to represent Caucasian culture The halls of the national capitol once familiar to the noblest of the Saxons would echo to the tread of mulattoes and a mixed breed would sit as President This new edition has been hand edited and completely reset It contains the complete original text and nine new illustrations and a complete index Contents Note from the Publisher 1937 edition Preface General Introduction Chapter 1 Race Migrations Prehistoric Chapter 2 Race Migrations Historic Chapter 3 Hybrids and Remnants Chapter 4 Civilizations That Have Perished Through Contact with Colored Races Egypt Chapter 5 Civilizations That Have Perished Through Contact with Colored Races Egypt Continued Chapter 6 Civilizations That Have Perished Through Contact with Colored Races India Chapter 7 Civilizations That Have Perished Through Contact with Colored Races China Mexico Peru Chapter 8 Civilizations That Are Imperiled Through Contact with Colored Races Latin America Chapter 9 Civilizations That Are Imperiled Through Contact with Colored Races South Africa Chapter 10 The Civilization That Has Survived Contact with Colored Races The United States Chapter 11 Problems of Civilization in Contact with Colored Races Economic Problems Chapter 12 Problems of Civilization in Contact with Colored Races Religious and Social Problems Chapter 13 Solution of the Problems of Civilization When in Contact with Colored Races Separation or Amalgamation Repatriation A Necessity Chapter 14 The Ideal Negro State Chapter 15 Program

advisory process in the postwar period Essays look at how these social scientists sought to change existing policies in welfare public health urban policy national defense environmental policy and science and technology policy and the ways they tried to influence future policies Policymakers have been troubled that followers of postmodernism have questioned the legitimacy of scientific and political authority to speak for the desires of social groups As the social sciences increasingly become expressions of individual preferences the contributors ask how can they continue to be used to set public policy for us all This collection is a useful resource for anyone studying the relationship between science and the government in the postwar years

**The Methodist Review Quarterly** ,1922      **White America** Earnest Cox,2013-11-29 This book s theme is twofold First that the racial destruction of the White race is inescapable in time whenever there is the substantial presence of another race and second that civilization itself cannot survive that destruction Cox backs his theory with solid facts and historical evidence He provides an overview of historic racial migrations ancient Egypt India China Mexico Peru Latin America and South Africa and finally reviews the racial situation in the US His conclusion is that physical geographical separation not segregation is the only guarantee of survival for all nations and races This edition has been combined with the pamphlet Lincoln s Negro Policy which deals with the efforts of leading White Americans such as Abraham Lincoln James Monroe and also a large number of Negro leaders who were all in favor of the repatriation of Black people to Africa Contents General Introduction Chapter 1 Race Migrations Prehistoric Chapter 2 Race Migrations Historic Chapter 3 Hybrids and Remnants Chapter 4 Civilizations that Have Perished through Contact with Colored Races Egypt Chapter 5 Civilizations that Have Perished through Contact with Colored Races Egypt Continued Chapter 6 Civilizations that Have Perished through Contact with Colored Races India Chapter 7 Civilizations that Have Perished through Contact with Colored Races China Mexico Peru Chapter 8 Civilizations that Are Imperiled through Contact with Colored Races Latin America Chapter 9 Civilizations that Are Imperiled through Contact with Colored Races South Africa Chapter 10 The Civilizations that Have Survived Contact with Colored Races The United States Chapter 11 Problems of Civilization in Contact with Colored Races Economic Problems Chapter 12 Problems of Civilization in Contact with Colored Races Religious and Social Problems Chapter 13 Solution of the Problems of Civilization when in Contact with Colored Races Chapter 14 The Ideal Negro State Chapter 15 Program of Repatriation Lincoln s Negro Policy      *U.S. News & World Report* ,1999      *Readings in Sociology to Accompany An Introduction to Sociology* Jerome Davis,Harry Elmer Barnes,1927
