Love Eclipsed Nancy Ann Watanabe, 1998 This book demonstrates the greatness of Joyce Carol Oates who is a nominee for a Nobel Award in Literature Nancy Watanabe discusses Oates s previously undiscovered roots in the literatures of Europe and Asia Watanabe s thought provoking analyses are enhanced by a

cinematically inspired principle of organization that reflects Oates's own stratagems. In a massive build up of metaphorical links between a Copernican world of nature and actions taken by ordinary people in the course of their daily living, Oates portrays America as a land of justice that is always a step behind a Faustian desire for freedom to pursue material desires. Oates documents an eclipsing of a divinely inspired Christian love by Faustian quest. Through this study, readers will gain a broader perspective and a more accurate assessment of Oates's global significance.
