They Call Me Trinitytrinity Is Still:

Once Upon A Time in the Italian West Howard Hughes,2004-09-24 The ideal popular guide to and story of the implausible international fusion of directors actors and personnel who created the mythical Spaghetti West in the most improbable of circumstances Authoritative and entertaining the book focuses on Sergio Leone s Dollars trilogy and other major works of the genre This popular guide explores the films through the biographies and filmographies of key personnel stories of the films making their locations and sets sources musical scores detailed cast information box office fortunes internationally illustrated throughout with posters and stills many of which are published here for the first time *Spaghetti Westerns--the Good, the Bad and the Violent* Thomas Weisser,2014-03-11 Spaghetti Westerns mostly produced in Italy or by Italians but made throughout Europe were bleaker rougher grittier imitations of Hollywood Westerns focusing on heroes only slightly less evil than the villains After a main filmography covering 558 Spaghetti Westerns another section provides filmographies of personnel actors and actresses directors musical composers scriptwriters cinematographers Appendices provide lists of the popular Django films and the Sartana films a listing of U S made Spaghetti Western lookalikes top ten and twenty lists and a list of the genre s worst Spaghetti Westerns Aliza S. Wong,2018-12-15 Since the silent days of cinema Westerns have been one of the most popular genres not just in the United States but around the world International filmmakers have been so taken by westerns that many directors have produced versions of their own despite lacking access to the American West Nowhere has the Western been more embraced outside of the United States than Italy In the 1960s as Hollywood heroes like John Wayne and Randolph Scott were aging Italian filmmakers were revitalizing the western securing younger American actors for their productions and also making stars of homegrown talent Movies directed and produced by Italians have been branded spaghetti westerns a genre that boasts several hundred films In *Spaghetti Westerns A Viewer s Guide* Aliza S Wong identifies the most significant westerns all italiana produced as well as the individuals who significantly contributed to the genre The author profiles such American actors as Clint Eastwood Eli Wallach and Lee Van Cleef composers including Ennio Morricone and Carlo Rustichelli and of course directors like Sergio Corbucci and Sergio Leone The most memorable movies of the genre are also examined including *Compa eros Django A Fistful of Dollars The Good the Bad and the Ugly and They Call Me Trinity* In addition to citing pivotal films and filmmakers this volume also highlights other relevant aspects of the genre including popular shooting locations subgenres like the Zapata western and the films and filmmakers who were inspired by the spaghetti western including Quentin Tarantino Richard Rodriguez and Takashi Miike An introduction to a unique homage of American cinema *Spaghetti Westerns A Viewer s Guide* allows fans and scholars alike to learn more about a genre that continues to fascinate audiences Italian Western - Violent Image, Savage Soundtrack Volume Two John Mansell, ITALIAN WESTERN VIOLENT IMAGE SAVAGE SOUNDTRACK VOL II PER QUALCHE WESTERN IN PI When we listen to Morricone Nicolai Bacalov Giombini and De Masi today we hear more than themes We hear the echo of an era when

Italian cinema dared to challenge the monopoly of American imagery and sound. With minimal means it forged a style that would later influence filmmakers and composers worldwide. Ironically, Hollywood itself would end up imitating the Italian sound of the West, a sound once mocked as spaghetti, now inseparable from the myth of the cowboy. John Mansell's book captures this fascinating paradox with precision and affection. His research maps not only the films and their makers but the complex network of ideas, aesthetics, and experiments that defined an entire generation of artists. What emerges from these pages is not nostalgia but history, a portrait of creativity under constraint of artisans who turned limitation into language.

Composer Kristian Sensini, John Mansell is a British Film Music Critic, Soundtrack Liner Notes Writer, Founder of the online blog *Movie Music International*, Soundtrack Collector, and a member of the International Film Music Critics Association (IFMCA).

Each entry contains a mini-essay that defines the topic, followed by a chronological list of representative films. From the Abominable Snowman to Zorro, this encyclopedia provides film scholars and fans with an easy-to-use reference for researching film themes or tracking down obscure movies on subjects such as suspended animation, viral epidemics, robots, submarines, reincarnation, ventriloquists, and the Olympics. Excellent, said *Cult Movies*. The volume also contains an extensive list of film characters and series, including B movie detectives, Western heroes, made-for-television film series, and foreign film heroes and villains.
