Lougy, David K. Rosenthal, 2002 Addresses the issues and concerns confronting parents and teachers with ADHD children The friendly and supportive style of the book is easy for readers to understand and use Parents and teachers will appreciate the sympathetic approach and expert discussion by authors who have worked extensively with ADHD children and their families in a broad range of setting including medical clinical and educational **Making Peace with the Things in Your Life** Cindy Glovinsky, 2002-05-03 An insightful guide to understanding clutter why it takes over and what to do about it is written by a professional organizer and psychotherapist

The Hidden History of Monopolies Thom Hartmann, 2020-08-25 This is the most important dynamic book on the cancers of monopoly by giant corporations written in our generation from the foreword by Ralph Nader American monopolies dominate control and consume most of the energy of our entire economic system they function the same as cancer does in a body and like cancer they weaken our systems while threatening to crash the entire body economic American monopolies have also seized massive political power and use it to maintain their obscene profits and CEO salaries while crushing small competitors But Thom Hartmann America's 1 progressive radio host shows we've broken the control of behemoths like these before and we can do it again Hartmann takes us from the birth of America as a revolt against monopoly remember the Boston Tea Party to the largely successful efforts of both Presidents Theodore and Franklin Roosevelt and other like minded leaders to restrain corporations monopolistic urges to the massive changes in the rules of business starting during the Reagan Revolution that have brought us to the cancer stage of capitalism He shows the damage monopolies have done to so many industries agriculture healthcare the media and more Individuals have taken a hit as well the average American family pays a 5 000 a year monopoly tax in the form of higher prices for everything from pharmaceuticals to airfare to household goods and food But Hartmann also describes commonsense historically rooted measures we can take such as revitalizing antitrust regulation taxing great wealth and getting money out of politics to pry control of our country from the tentacles of the monopolists **The Hidden History of American Oligarchy** Thom Hartmann, 2021-02-01 Thom Hartmann the most popular progressive radio host in America and a New York Times bestselling author looks at the history of the battle against oligarchy in America and how we can win the latest round Billionaire oligarchs want to own our republic and they're nearly there thanks to legislation and Supreme Court decisions that they have essentially bought They put Trump and his political allies into office and support a vast network of think tanks publications and social media that every day push our nation closer and closer to police state tyranny The United States was born in a struggle against the oligarchs of the British aristocracy and ever since then the history of America has been one of dynamic tension between democracy and oligarchy

And much like the shock of the 1929 crash woke America up to glaring inequality and the ongoing theft of democracy by that generation's oligarchs the coronavirus pandemic of 2020 has laid bare how extensively oligarchs have looted our nation's economic system gutted governmental institutions and stolen the wealth of the former middle class Thom Hartmann traces the history of this struggle against oligarchy from America's founding to the United States war with the feudal Confederacy to President Franklin Roosevelt's struggle against economic royalists who wanted to block the New Deal In each of those cases the oligarchs lost the battle But with increasing right wing control of the media unlimited campaign contributions and a conservative takeover of the judicial system we're at a crisis point Now is the time for action before we flip into tyranny We've beaten the oligarchs before and we can do it again Hartmann lays out practical measures we can take to break up media monopolies limit the influence of money in politics reclaim the wealth stolen over decades by the oligarchy and build a movement that will return control of America to We the People

The Hidden History of Guns and the Second
