**Waggoner on the Gospel of John** Ellet Joseph Waggoner, 2012-12 Published originally in England as articles in the magazine The present truth Original British spelling retained [The Roles of Christ's Humanity in Salvation](#) Frederick G McLeod, 2005-05 Theodore of Mopsuestia was hailed in his lifetime as one of the outstanding theologians and bishops in the second half of the fourth and early fifth centuries He was then and still is respected as the preeminent spokesperson for the School of Antioch s unwavering defense of Christ s full humanity and its exegetical approach to the Scriptures But within ten years after his death in 428 his enemies began to attack him openly eventually succeeding in condemning both his works and person at the Second Council of Constantinople in 553 He has since been declared by some as the Father of Nestorianism In this book Frederick G McLeod first establishes the principal influences that shaped Theodore s exegetical outlook He then draws out the typology that Theodore sees present between Adam and Christ s humanity exploring three major roles that Christ s humanity plays as the head of all human immortal existence the bond of the universe and the perfect image of God Next McLeod shows how Theodore s customary word for Christ s person pros pon ought to be understood in a functional way The book concludes by applying these insights to the 71 excerpts that were used to condemn Theodore at the Second Council of Constantinople and proposing that these passages can be interpreted in a different non heretical way This book enables one to judge Theodore s christological statements in the wider context of how he conceives of Christ s roles in salvation It establishes clearly how Christ can be said to be a true mediator between the Father and all creation It also makes one aware of the communal dimensions and relationships contained in the notion of person Finally it indicates how the body plays an essential role in human and cosmic salvation ABOUT THE AUTHOR Frederick G McLeod S J is Professor of Theological Studies at St Louis University and author of *The Image of God in the Antiochene Tradition* PRAISE FOR THE BOOK The author s contribution is ground breaking McLeod modifies the whole perspective in which the problem of Theodore s much questioned orthodoxy needs to be considered Thereby he opens a very constructive access to ancient christology Sensitive to contemporary concerns he demonstrates a consistent and well documented command over all essential issues of patristic
