Worldview for Christian Witness Charles H. Kraft, 2008-06-01 In *Worldview for Christian Witness* Charles Kraft invites readers to understand REALITY as God sees it by learning to take seriously the insights of other societies. The diversity of cultures can seem obvious but to really understand the significance of those surface level differences one needs to understand the deep level assumptions on which they are based.

The Indians of Central and South America James S. Olson, 1991-06-17 At a juncture in history when much interest and attention is focused on Central and South American political, ecological, social, and environmental concerns, this dictionary fills a major gap in reference materials relating to Amerindian tribes. This one volume reference collects important information about the current status of the indigenous peoples of Central and South America and offers a chronology of the conquest of the Amerindian tribes, a list of tribes by country, and an extensive bibliography of surviving American Indian groups. Historical as well as contemporary descriptions of approximately 500 existing tribes or groups of people are provided, along with several bibliographic citations at the conclusion of each entry. The focus of the volume is on those Indian groups that still maintain a sense of tribal identity. For the vast majority of his entries, James S. Olson draws material from the Smithsonian Institution's seven volume *Handbook of South American Indians*, as well as other classic resources of a broad general nature. Much attention is also focused on the complicated question of South American languages and on the definition of what constitutes an Indian. Olson's introduction cites dozens of valuable reference works relating to these topics. Following the introduction, this survey of surviving Amerindians is divided into sections that contain entries for each existing tribe or group, an appendix listing tribes by country, the Amerindian conquest chronology, and a bibliographical essay. This unique reference work should be an important item for most public, college, and university libraries. It will be welcomed by reference librarians, historians, anthropologists, and their students.

Protestant Traditions and the Soul of Europe Gijsbert van den Brink, Gerard den Hertog, 2017-12-01 What binds contemporary Europeans together in terms of cultural values that go beyond a common interest in economic growth? In a time of resurging nationalist movements all over Europe, the need for what former President of the European Commission Jacques Delors called a soul for Europe has become more urgent than ever. In this volume, Delors's 25 years old appeal to the churches is taken seriously. In particular, contributions to a common sense of belonging that have been made by the traditions of European Protestantism are carefully investigated. In nineteen case studies, topics and areas as varied as theological identity, religious tolerance, political philosophy, ethics, the arts, the scientific mentality, and the economy are covered. It appears that despite the rise of religious pluralism throughout Europe, aspects of the Protestant ethos continue to be key to societal cohesion in many places.

Zorgdrager Protestantische Traditionen und die Seele Europas Welche gemeinsamen Werte verbinden uns im heutigen Europa über ökonomische Interessen hinaus Vor dem Hintergrund der heute vielerorts in Europa aufflammenden nationalistischen Bestrebungen ist der Bedarf nach einer Seele für Europa wie der frühere Vorsitzende der Europäischen Kommission Jacques Delors es nannte dringender denn je In diesem Band wird Delors vor einem Vierteljahrhundert geäuerten Appell an die Kirchen darum ernst genommen Besonders Beiträge zum gemeinsamen Bewusstsein der Zusammengehörigkeit in der protestantischen Tradition werden sorgfältig untersucht und geprüft In neunzehn Fallstudien werden Themen und Bereiche wie theologische Identität religiöse Toleranz politische Philosophie Ethik Kunst wissenschaftliche Haltung und Ökonomie in den Blick genommen Es zeigt sich dass trotz des Anwachsens eines religiösen Pluralismus überall in Europa Aspekte des protestantischen Ethos wesentlich zur gesellschaftlichen Kohäsion beitragen
