Woodward, 2009-01-13 The Sequential Sojourn is an effort to draw people of various nations cultures ages and genders together to examine the things that make us similar So much effort is spent on diversity which is a good thing don't get me wrong that we are more conscious of how we are different from one another than of how we are alike With a bit of tolerance perhaps finding the hero within can help create positive change in this troubled world *The Overland Monthly*, 1912 **Anti-Heroes in the Works of Easton Ellis, Coe, Martel and Tsiolkas** Panos Gerakis, 2024-04-02 In the late twentieth and early twenty first centuries globalization has significantly influenced gendered experiences worldwide While scholarly attention has predominantly focused on women's lives and marked gender identities since the seventies there remains a conspicuous gap in the exploration of the phenomenically unmarked gender and particularly men's identities and the unique challenges they face Drawing upon a diverse array of texts and ideas from cultural theory this book delves into crucial issues surrounding masculinity the shame struggle precariousness and predicaments inherent in navigating the expectations of being a man in today's era of neoliberalism and globalization Through the lens of the main characters in novels by Bret Easton Ellis Jonathan Coe Yann Martel and Christos Tsiolkas all from the anglophone sphere the narrative illuminates these often overlooked facets of masculinity crisis The book seeks to contribute to a deeper understanding of masculinities today shedding light upon the vulnerable nature of the masculine experience **Sun, Moon and Stars** William Thompson Skilling, Robert Shirley Richardson, 1964 **Jacques Cousteau** Lesley A. the world worked His father leading the wise and benevolent Council of Mages protected and guided the citizens of the Golden City of the Bells Young Mages in training all men for women were unfit to practice magic memorized the intricate details of High Magic and aspired to seats on the council Then he found the forbidden Books of Wild Magic or did they find him The three slim volumes woke Kellen to the wide world outside the City s isolating walls Their Magic was not dead strangled by rules and regulations It felt like a living thing guided by the hearts and minds of those who practiced it and benefited from it Questioning everything he has known Kellen discovers too many of the City s dark secrets Banished with the Outlaw Hunt on his heels Kellen invokes Wild Magic and finds himself running for his life with a unicorn at his side Kellen s life changes almost faster than he can understand or accept Rescued by a unicorn healed by a female Wild Mage who knows more about Kellen than anyone outside the City should meeting Elven royalty and Elven warriors and plunged into a world where the magical beings he has learned about as abstract concepts are flesh and blood creatures Kellen both revels in and fears his new freedom Especially once he learns about Demons He d always thought they were another abstract concept a stand in for ultimate evil But if centaurs and dryads are real then Demons surely are as well And the one thing all the Mages of the City agreed on was that practicing Wild Magic corrupted a Mage Turned him into a Demon Would that be Kellen s fate Deep in Obsidian Mountain the Demons are waiting Since their defeat in the last great War they ve been hiding their time sowing the seeds of distrust and discontent between their human and Elven enemies Very soon now when the Demons rise to make war there will be no alliance between High and Wild Magic to stand against them And all the world will belong to the Endarkened At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied
