**Leadership Research Processes** Yulia Tolstikov-Mast,Franziska Bieri,Jennie L. Walker,2021-11-29 An invaluable contribution to the area of leadership studies the Handbook of International and Cross Cultural Leadership Research Processes Perspectives Practice Instruction brings together renowned authors with diverse cultural academic and practitioner backgrounds to provide a comprehensive overview and analysis of all stages of the research process The handbook centers around authors international research reflections and experiences with chapters that reflect and analyze various research experiences in order to help readers learn about the integrity of each stage of the international leadership research process with examples and discussions Part I introduces philosophical traditions of the leadership field and discusses how established leadership and followership theories and approaches sometimes fail to capture leadership realities of different cultures and societies Part II focuses on methodological challenges and opportunities Scholars share insights on their research practices in different stages of international and cross cultural studies Part III is forward looking in preparing readers to respond to complex realities of the leadership field teaching learning publishing and applying international and cross cultural leadership research standards with integrity The unifying thread amongst all the chapters is a shared intent to build knowledge of diverse and evolving leadership practices and phenomena across cultures and societies The handbook is an excellent resource for a broad audience including scholars across disciplines and fields such as psychology management history cognitive science economics anthropology sociology and medicine as well as educators consultants and graduate and

doctoral students who are interested in understanding authentic leadership practices outside of the traditional Western paradigm

*Invisible Borders in a Bordered World* Alexander C. Diener, Joshua Hagen, 2022-09-02 This book critically challenges the usual territorial understanding of borders by examining the often messy internal transborder ambiguous and in between spaces that co exist with traditional borders By considering those less visible aspects of borders the book develops an inclusive understanding of how contemporary borders are structured and how they influence human identity mobility and belonging The introduction and conclusion provide theoretical and contextual framing while chapters explore topics of global labor and refugees unrecognized states ethnic networks cyberspace transboundary resource conflicts and indigenous and religious spaces that rarely register on conventional maps or commonplace understandings of territory In the end the volume demonstrates that despite being invisible on most maps these borders have a very real material and tangible presence and consequences for those people who live within alongside and across them
