Digital Storytelling Carolyn Handler Miller, 2014-06-27 Digital Storytelling shows you how to create immersive interactive narratives across a multitude of platforms devices and media From age old storytelling techniques to cutting edge development processes this book covers creating stories for all forms of New Media including transmedia storytelling video games mobile apps and second screen experiences The way a story is told a message is delivered or a narrative is navigated has changed dramatically over the last few years Stories are told through video games interactive books and social media Stories are told on all sorts of different platforms and through all sorts of different devices They are immersive letting the user interact with the story and letting the user enter the story and shape it themselves This book features case studies that cover a great spectrum of platforms and different story genres It also shows you how to plan processes for developing interactive narratives for all forms of entertainment and non fiction purposes education training information and promotion Digital Storytelling features interviews with some of the industry's biggest names showing you how they build and tell their stories

Higher Education, 2023-11-02 COVID wrought havoc on the world's economic systems Higher education did not escape the ravages brought on by the pandemic as institutions of higher education around the world faced major upheavals in their educational delivery systems Some institutions were prepared for the required transition to online learning Most were not Whether prepared or not educators rose to the challenge The innovativeness of educators met the challenges as digital learning replaced the face to face environment In fact some of the distance models proved so engaging that many students no longer desire a return to the face to face model As with all transitions some things were lost while others were gained This book examines practice in the field as institutions struggled to face the worst global pandemic in the last century The book is organized into four sections on Perils and Promises The State of Online Education Goals and Challenges of Online Learning and Innovations in the Age of COVID It presents various perspectives from educators around the world to illustrate the struggles and triumphs of those facing new challenges and implementing new ideas to empower the educational process These discussions shed light on the impact of the pandemic and the future of higher education post COVID Higher education has been forever changed and higher education as it once was may never

return While many questions arise the achievements in meeting and overcoming the pandemic illustrate the creativity and innovativeness of educators around the world who inspired future generations of learners to reach new heights of accomplishment even in the face of the pandemic
