Smugglers Woman

Rashida Manjoo

Smugglers Woman:

Smuggler Nation Peter Andreas, 2013-01-16 America is a smuggler nation Our long history of illicit imports has ranged from West Indies molasses and Dutch gunpowder in the 18th century to British industrial technologies and African slaves in the 19th century to French condoms and Canadian booze in the early 20th century to Mexican workers and Colombian cocaine in the modern era Contraband capitalism it turns out has been an integral part of American capitalism Providing a sweeping narrative history from colonial times to the present Smuggler Nation is the first book to retell the story of America and of its engagement with its neighbors and the rest of the world as a series of highly contentious battles over clandestine commerce As Peter Andreas demonstrates in this provocative and fascinating account smuggling has played a pivotal and too often overlooked role in America s birth westward expansion and economic development while anti smuggling campaigns have dramatically enhanced the federal government s policing powers The great irony Andreas tells us is that a country that was born and grew up through smuggling is today the world s leading anti smuggling crusader In tracing America s long and often tortuous relationship with the murky underworld of smuggling Andreas provides a much needed antidote to today s hyperbolic depictions of out of control borders and growing global crime threats Urgent calls by politicians and pundits to regain control of the nation s borders suffer from a severe case of historical amnesia nostalgically implying that they were ever actually under control This is pure mythology says Andreas For better and for worse America s borders have always been highly porous Far from being a new and unprecedented danger to America the illicit underside of globalization is actually an old American tradition As Andreas shows it goes back not just decades but centuries And its impact has been decidedly double edged not only subverting U S laws but also helping to fuel America s evolution from a remote British colony to the world s pre eminent superpower

Human Smuggling and Border Crossings Gabriella

Sanchez, 2014-11-13 This book fills an important gap in our knowledge of human smugglers and offers fresh empirical data from an area in the US where trafficking is widespread This book will be useful supplementary reading for a growing number of courses on crime and trafficking as well as sociology modules in citizenship and migration

Representing Violence Against Women Rashida Manjoo, 2025-11-18 This timely interdisciplinary volume brings academic research into dialogue with women who have experienced the asylum process activists and NGOs It reveals the obstacles that women are confronted with during asylum processes when relaying their testimonies that involve violence Women s voices are marginalized and often erased because of multiple barriers within refugee status determination procedures and asylum and refugee reception systems Conditions need to change so that women can voice their testimonies and know that they will be listened to and heard and that their voices and experiences will count within asylum processes and lead to effective protection This book is a site of knowledge exchange between women survivors and activists and policy makers It contains first hand accounts of the asylum processes by women survivors and activists and offers examples of how the arts and humanities might open up

avenues of expression and testimony for women seeking asylum through practices of co production creating safe spaces of representation for women to talk about their lived experiences of violence and exile but also and crucially resistance and resilience

China's War on Smuggling Philip Thai, 2018-06-12 Smuggling along the Chinese coast has been a thorn in the side of many regimes From opium and weapons concealed aboard foreign steamships in the Qing dynasty to nylon stockings and wristwatches trafficked in the People's Republic contests between state and smuggler have exerted a surprising but crucial influence on the political economy of modern China Seeking to consolidate domestic authority and confront foreign challenges states introduced tighter regulations higher taxes and harsher enforcement These interventions sparked widespread defiance triggering further coercive measures Smuggling simultaneously threatened the state's power while inviting repression that strengthened its authority Philip Thai chronicles the vicissitudes of smuggling in modern China its practice suppression and significance to demonstrate the intimate link between illicit coastal trade and the amplification of state power China's War on Smuggling shows that the fight against smuggling was not a simple law enforcement problem but rather an impetus to centralize authority and expand economic controls The smuggling epidemic gave Chinese states pretext to define legal and illegal behavior and the resulting constraints on consumption and movement remade everyday life for individuals merchants and communities Drawing from varied sources such as legal cases customs records and popular press reports and including diverse perspectives from political leaders frontline enforcers organized traffickers and petty runners Thai uncovers how different regimes policed maritime trade and the unintended consequences their campaigns unleashed China's War on Smuggling traces how defiance and repression redefined state power offering new insights into modern Chinese social legal and economic history
