Old Stories Retold Andrew G. Stuckey, 2010-04-30 Old Stories Retold explores the ways modern Chinese narratives dramatize and embody the historical sense that links them to the past and to the Chinese literary tradition Largely guided by Walter Benjamin s discussions of history G Andrew Stuckey looks at the ways Chinese narrative engages a historical process that pieces together fragments of the past into new configurations to better serve present needs By examining intertextual connections between separate texts Stuckey seeks to discover traces of an original whether it be thought of as the past history or tradition when it has been rewritten in modern and contemporary Chinese fiction Old Stories Retold shows how the articulation of the past into new historical configurations disrupts accepted understandings of the past and as such can be intentionally pitted against modernist historical knowledge to resist the modernist ends that this knowledge is mobilized to achieve

The Bloomsbury Handbook of Modern Chinese Literature in Translation Cosima Bruno, Lucas Klein, Chris Song, 2023-10-19 Offering the first systematic overview of modern and contemporary Chinese literature from a translation studies perspective this handbook provides students researchers and teachers with a context in which to read and appreciate the effects of linguistic and cultural transfer in Chinese literary works Translation matters It always has of course but more so when we want to reap the benefits of intercultural communication In many universities Chinese literature in English translation is taught as if it had been written in English As a result students submit what they read to their own cultural expectations they do not read in translation and do not attend to the protocols of knowing engagements and contestations that bind literature and society to each other The Bloomsbury Handbook of Modern Chinese Literature in Translation squarely addresses this pedagogical lack Organised in a tripartite structure around considerations of textual social and large scale spatial and historical circumstances its thirty plus essays each deal with a theme of translation studies as emerged from the translation of one or more Chinese literary works In doing so it offers new tools for reading and appreciating modern and contemporary Chinese literature in the global context of its translation offering in depth studies about eminent Chinese authors and their literary masterpieces in translation The first of its kind this book is essential reading for anyone studying or researching Chinese literature in translation
