**Converting the Imagination** Patrick R. Manning,2020-05-15 For two thousand years countless people around the world viewed reality through a Christian lens that endowed their lives with meaning purpose and coherence Today in an era of unprecedented secularization many have ceased to find meaning not only in Christianity but in life in general In *Converting the Imagination* Patrick Manning offers a probing analysis of this crisis of meaning marshalling historical and psychological research to shed light on the connections among the disintegration of the Christian worldview religious disaffiliation and a growing mental health epidemic As a response Manning presents an approach to religious education that is at once traditionally grounded in the model of Jesus own teaching and augmented by modern educational research and cognitive science *Converting the Imagination* is an invitation to transform the way we teach about faith and make sense of the world an invitation that echoes Jesus invitation to a fuller more meaningful life It is sure to captivate scholars and practitioners of religious education ministers seeking to reengage people who have drifted away from the faith or to support young people suffering from existential anxiety and anyone in search of deeper meaning in their religious traditions or in their own lives *Converting the Imagination* was a finalist for the 2021 Lilly Fellows Program Book Award <https://www.lillyfellows.org/grants-and-prizes/book-award>

**The Place of Imagination in Religious Education: an Approach to the Teaching of** J. Prickett,1978 *Embodied Hope* Veronice Miles,2021-12-29 *Embodied Hope* explores implications of an embodied theology of hope for preachers ability to nurture imaginative abundance and purposeful hope filled action in the most chaotic of times Embodied hope is grounded in a theological anthropology that foregrounds humanity s inherent identity as imago Dei and capacity to live as a nondistorting nondestructive reflection of God s presence in the earth The conceptual metaphor embodied Hope represents that which creates within each of us yearning for wholeness and well being the always speaking voice of God s Spirit

assuring us of God's power, faithfulness, and redemptive presence, and calling us toward loving, just, and restorative action in our world today. Humans possess the capacity to imagine and live toward a qualitatively better state of existence for all creation, but overwhelmed by the despairing realities of life, we often feel despondent and drained of imaginative potential. Preaching amplifies the voice of Hope, bearing witness and inviting us to imagine the possibility and efficacy of a new reality grounded in Jesus's gospel proclamation. Embodied Hope invites us to stand at the intersection of Hope and despair as we explore the contours and possibilities of living with Hope in times such as the present.

*And We Shall Learn through the Dance* Kathleen S. Turner, 2021-07-28 Liturgical dance is a way to present, reflect, instruct, learn, study, and share religious beliefs with one's self, within one's worship community, and with one's God. Such a belief is confirmed and witnessed within a variety of religious settings throughout the world, from the beginning of time to this present age. However, there is a vacuum of resources that connect liturgical dance within the Christian context as a tool for religious learning within the field of religious education. With the continual rise of liturgical dance as an artistic form of expression, this book proposes that liturgical dance offers unique attributes conducive to the teaching and learning of faith and to faith formation. Kathleen S. Turner shows how liturgical dance is religious education in two very important ways: first, by addressing the power and potential liturgical dance has in nourishing the faith life of Christian congregants through means that are both educative and reflective; and second, by giving examples of how liturgical dance can be implemented as a religious education tool within the teaching life of the church.

Teaching Faith with Harry Potter Patricia Lyons, 2017-05 Sought after resource for using the themes of Harry Potter in the faith formation arena. Resource for parish retreats, confirmation education, and multi-generational settings. Study Guide included.

**Christian Education and the Emerging Church** Wendi Sargeant, 2015-07-24 All signs point to Christian education having lost its theological location and prominence in the life of the Western Protestant church. The Emerging Church movement as an intentionally postmodern approach to ministry in the contemporary context may, however, offer insights to reinterpret Christian education. This significant movement in today's church gives Christian education a new interpretive framework that is theologically located at an intersection of doxology and doctrine. In her examination of postmodern faith formation, Wendi Sargeant explores the importance of the Christian worshipping community as the most appropriate setting for Christian education. Practitioners and students will benefit from the ready-to-use teaching and learning matrix, and all those with interest in the formation of faith in themselves and others will draw much from the way Sargeant situates worship as the basis for enhancing Christian formation and ethos.
