Teaching In Your Office:

Teaching in Your Office Patrick Craig Alguire, 2001 This newly revised edition of Teaching in Your Office is an excellent resource for physicians interested in improving their techniques in office based teaching while maintaining the efficiency of their practice Updated and redesigned this new edition offers teaching skills in a format succinct and focused enough to allow busy clinicians to identify chapters that address their specific needs Additionally each major topic is summarized in an Appendix that includes additional tips tools and resources for preceptors Office based teaching should be a beneficial and rewarding experience for both teacher and student However ambulatory medical education takes place in a fast paced often chaotic environment in which there is little time for instruction observation and feedback Consequently preceptors mistakenly consider the opportunity for their own self improvement to be limited Teaching Medicine Series: Teaching in your office : a guide to instructing medical students and residents, second edition ,2008 **Teaching in Your Office** ,2008
