How Wittgenstein sought a more effective way of reaching his audience by a poetic style of doing philosophy Ludwig Wittgenstein once said Really one should write philosophy only as one writes poetry In Wittgenstein s Artillery James Klagge shows how in search of ways to reach his audience Wittgenstein tried a more poetic style of doing philosophy Klagge argues that deploying this new philosophical artillery Klagge s term for Wittgenstein s methods of influencing his readers and students Wittgenstein moved from an esoteric mode to an evangelical mode aiming for an effect on his audience that was noncognitive appealing to the temperament in addition to the intellect Wittgenstein was an artillery spotter directing artillery fire to targets in the Austrian army during World War I and Klagge argues that years later he became a philosophical spotter struggling to find the right artillery to accomplish his philosophical purpose Klagge shows how Wittgenstein s work with his students influenced his style of writing philosophy and motivated him to care about the effect of his ideas on his audience To illustrate Wittgenstein s evolving approach Klagge draws on not only Wittgenstein s best known works but also such lesser known material as notebooks dictations lectures and recollections of students Klagge then goes beyond Wittgenstein to present a range of literature biblical parables and children s stories Dostoevsky and Tolstoy Kierkegaard and Nietzsche as other examples of the poetic approach He concludes by offering his own attempts at a poetic approach to addressing philosophical issues
