**Virginia Byfield, Paul Bunner**

## **The Conservative Sixties:**

**The Conservative Sixties** David R. Farber, Dave Farber, Jeff Roche, 2003 The Conservative Sixties tells the other story of America in the era of left wing protests countercultural experiments and a civil rights revolution Ten original historical essays focus on Phyllis Schlafly Ronald Reagan Barry Goldwater the John Birch Society the Minutemen Moral Mothers and Goldwater Girls Cowboy Conservatives National Politics versus Community Interest Below the Belt Politics and the Politics of Law and Order The Conservative Sixties demonstrates that throughout the 1960s right wing activists organized at the grass roots re thought their priorities discovered new allies and prepared to defeat liberals in the political and cultural arenas This history of the 1960s puts the presidencies of Ronald Reagan George H Bush and George W Bush as well as the conservative turn of Congress and the American people into historical perspective **Turning Right in the Sixties** Mary C.

Brennan, 2000-11-09 Ideologically divided and disorganized in 1960 the conservative wing of the Republican Party appeared to many to be virtually obsolete However over the course of that decade the Right reinvented itself and gained control of the party In Turning Right in the Sixties Mary Brennan describes how conservative Americans from a variety of backgrounds feeling disfranchised and ignored joined forces to make their voices heard and by 1968 had gained enough power within the party to play the decisive role in determining the presidential nominee Building on Barry Goldwater s short lived bid for the presidential nomination in 1960 Republican conservatives forged new coalitions began to organize at the grassroots level and gained enough support to guarantee Goldwater the nomination in 1964 Brennan argues that Goldwater s loss to Lyndon Johnson in the general election has obscured the more significant fact that conservatives had wrested control of the Republican Party from the moderates who had dominated it for years The lessons conservatives learned in that campaign she says aided them in 1968 and laid the groundwork for Ronald Reagan s presidential victory in 1980 **The Right Side of**

**the Sixties** Laura Jane Gifford, Daniel K. Williams, 2012-07-25 The 1960s were a transformative era for American politics but much is still unknown about the growth of conservatism during the period when it was radically reshaped and became the national political force that it is today In their efforts to chronicle the national politicians and organizations that led the movement previous histories have often neglected local perspectives the role of religion transnational exchange and other aspects that help to explain conservatism s enduring influence in American politics Taken together the contributions gathered here offer a cutting edge synthesis that incorporates these overlooked developments and provides new insights into the way that the 1960s shaped the trajectory of postwar conservatism **Debating the 1960s** Michael W. Flamm, David

Steigerwald, 2008 The conventional interpretation of the 1960s emphasizes how liberal even radical the decade was It was after all the age of mass protests against the Vietnam War and social movements on behalf of civil rights and women s rights It was also an era when the counterculture challenged many of the values and beliefs held by morally traditional Americans But a newer interpretation stresses how truly polarized the 1960s were It portrays how radicals liberals and conservatives

repeatedly clashed in ideological combat for the hearts and minds of Americans Millions in the center and on the right contested the counterculture defended the Vietnam War and opposed civil rights Debating the 1960s explores the decade through the arguments and controversies between radicals liberals and conservatives The focus is on four main areas of contention social welfare civil rights foreign relations and social order The book also examines the emergence of the New Left and the modern conservative movement Finally it assesses the enduring importance of the 1960s on contemporary American politics and society Combining analytical essays and historical documents the book highlights the polarization of the decade by focusing on the political social and cultural debates that divided the nation then and now *Stuck In The Sixties* George Rising,2010-11-08 The 1960s were a colorful tumultuous age that transformed American society Ever since the decade ended Americans have debated the changes that it unleashed While most liberals argue that the era s effects were mainly positive and long overdue conservatives perceive the 1960s as a disastrous time that has left ruinous legacies for us *Stuck in the Sixties* analyzes conservatives views about the 1960s era and its legacies by examining their discourse about such sixties figures and movements as John F Kennedy Martin Luther King Jr the civil rights movement the Warren Court the Great Society the Vietnam War the anti war movement the New Left and the counterculture The book reveals that for a generation a focus on attacking and reversing the legacies of the 1960s has been essential to the conservative Republican agenda **The 1960s Cultural Revolution** Joel P. Rhodes,2022-09-13 This book uses evidence based primary source analysis to provide students with the historical perspective necessary to think critically about the romantic memories stubborn stereotypes misperceptions deliberate falsehoods distorted myths and old grudges that distort our popular perceptions of the 1960s Twenty first century Americans routinely use the 1960s as a metaphor a sort of convenient shorthand for the cultural wars that continuous clash over differing values beliefs attitudes and lifestyles still bitterly polarizing the nation Therefore understanding the 1960s cultural revolution is critical to understanding ourselves What this book contributes to that conversation is needed historical perspective with evidence based primary source analysis Ten chapters shed light on ordinarily overlooked aspects of the period challenge stubborn misconceptions and explore the enduring legacy of the 1960s Primary source material both written and visual is drawn from archival holdings newspapers published proceedings oral histories and memoirs in order to present a balanced accessible examination of mistaken beliefs and the historical truths **Homeschool** Milton Gaither,2017-03-03 This book provides a lively account of one of the most important and overlooked themes in American education Beginning in the colonial period and working to the present Gaither describes in rich detail how the home has been used as the base for education of all kinds The last five chapters focus especially on the modern homeschooling movement and offer the most comprehensive and authoritative account of it ever written Readers will learn how and why homeschooling emerged when it did where it has been and where it may be going The second edition has been thoroughly revised to incorporate the most recent scholarship on the topic and to provide

comprehensive coverage of recent trends      **The Age of Impeachment** David E. Kyvig,2008 A Bancroft Prize winning historian chronicles the modern history of impeachment and the shift in American politics and constitutional culture revealed by its evolving interpretation and use      *Enemies to Allies* Brian C. Etheridge,2016-01-26 Front cover Copyright Contents Introduction 1 Tomorrow the World 2 Germany Belongs in the Western World 3 Your Post on the Frontier 4 The Anti German Wave 5 We Refuse to Be Good Germans 6 The Hero Is Us Conclusion Acknowledgments Notes Bibliography Index      The Right Side of the Sixties Laura Jane Gifford,Daniel K. Williams,2012-07-25 The 1960s were a transformative era for American politics but much is still unknown about the growth of conservatism during the period when it was radically reshaped and became the national political force that it is today In their efforts to chronicle the national politicians and organizations that led the movement previous histories have often neglected local perspectives the role of religion transnational exchange and other aspects that help to explain conservatism s enduring influence in American politics Taken together the contributions gathered here offer a cutting edge synthesis that incorporates these overlooked developments and provides new insights into the way that the 1960s shaped the trajectory of postwar conservatism      *Routledge Handbook of Political Management* Dennis W. Johnson,2010-03-17 A comprehensive overview of the field of applied politics encompassing political consulting campaigns and elections lobbying and advocacy grass roots politics fundraising media and political communications the role of the parties political leadership and the ethical dimensions of public life      Creating Conservatism Michael J. Lee,2014-08-01 *Creating Conservatism* charts the vital role of canonical post World War II 1945 1964 books in generating guiding and sustaining conservatism as a political force in the United States Dedicated conservatives have argued for decades that the conservative movement was a product of print rather than a march a protest or a pivotal moment of persecution *The Road to Serfdom* *Ideas Have Consequences* *Witness The Conservative Mind* *God and Man at Yale* *The Conscience of a Conservative* and other mid century texts became influential not only among conservative office holders office seekers and well heeled donors but also at dinner tables school board meetings and neighborhood reading groups These books are remarkable both because they enumerated conservative political positions and because their memorable language demonstrated how to take those positions functioning in essence as debate handbooks Taking an expansive approach the author documents the wide influence of the conservative canon on traditionalist and libertarian conservatives By exploring the varied uses to which each founding text has been put from the Cold War to the culture wars *Creating Conservatism* generates original insights about the struggle over what it means to think and speak conservatively in America

**Radical Conservatism** Robert Brent Toplin,2006 An unflinching look at the origins philosophy meanings and impact of the radical form of conservatism that currently dominates American politics Analyzing the literature books magazines newspapers and broadcast sources that define and promote conservatism Toplin leads the reader on a provocative tour of the conservative mind as viewed by a liberal tour guide      **Framing the Sixties** Bernard von Bothmer,2010 Over the past

quarter century American liberals and conservatives alike have invoked memories of the 1960s to define their respective ideological positions and to influence voters. Liberals recall the positive associations of what might be called the good Sixties: the Camelot years of JFK, the early civil rights movement, and the dreams of the Great Society, while conservatives conjure images of the bad Sixties: a time of urban riots, antiwar protests, and countercultural revolt. In *Framing the Sixties*, Bernard von Bothmer examines this battle over the collective memory of the decade primarily through the lens of presidential politics. He shows how four presidents—Ronald Reagan, George H. W. Bush, Bill Clinton, and George W. Bush—each sought to advance his political agenda by consciously shaping public understanding of the meaning of the Sixties. He compares not only the way that each depicted the decade as a whole but also their commentary on a set of specific topics: the presidency of John F. Kennedy, Lyndon Johnson's Great Society initiatives, the civil rights movement, and the Vietnam War. In addition to analyzing the pronouncements of the presidents themselves, von Bothmer draws on interviews he conducted with more than one hundred and twenty cabinet members, speechwriters, advisers, strategists, historians, journalists, and activists from across the political spectrum, from Julian Bond, Daniel Ellsberg, Todd Gitlin, and Arthur Schlesinger to James Baker, Robert Bork, Phyllis Schlafly, and Paul Weyrich.

**BOOK JACKET**     **Yale Law School and the Sixties** Laura Kalman, 2005. Yale Law School and the Sixties: Revolt and Reverberations

**The Future of the Southern Plains** Sherry Lynn Smith, 2003. Seven historians, one geographer, and a paleoclimatologist contribute a wealth of observation, analysis, and commentary on the environmental characteristics and history of the Southern Plains. They address such themes as failing communities, scarce water, endangered species, and disappearing ways of life, and the possible results of these developments, not only in the Southern Plains but elsewhere on the globe.

**BOOK JACKET**     **The Presidency of Richard Nixon** Melvin Small, 1999. A lively anecdotal account features every facet of Nixon's controversial administration, just in time for the 25th anniversary of his history-making resignation from the presidency. 23 photos

**High Sixties** Roger Hutchinson, 1992. This is an anecdotal and analytical, biographical and autobiographical account of the social revolution that swept through Britain and Europe in the decade now known nostalgically as the Swinging Sixties. It spans the era from the recognition of the end of old colonialism, Harold Macmillan's famous winds of change blowing across Africa, the Lady Chatterley's Lover trial, and the Profumo affair to the Old Bailey and the prosecution for obscenity of *Oz* magazine in the autumn of 1971. As author Roger Hutchinson writes, the Chatterley trial had as much resemblance to say the trail of *Oz* magazine 10 years later as did a medieval joust to the Battle of the Somme.

**The Unsung Sixties** Helene Curtis, Mimi Sanderson, 2004     **The Sixties Revolution & the Fall of Social Credit** Virginia Byfield, Paul Bunner, 2002

### **The Conservative Sixties Introduction**

In the digital age, access to information has become easier than ever before. The ability to download The Conservative Sixties has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Conservative Sixties has opened up a world of possibilities. Downloading The Conservative Sixties provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Conservative Sixties has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Conservative Sixties. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Conservative Sixties. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Conservative Sixties, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Conservative Sixties has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

## FAQs About The Conservative Sixties Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Conservative Sixties is one of the best book in our library for free trial. We provide copy of The Conservative Sixties in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Conservative Sixties. Where to download The Conservative Sixties online for free? Are you looking for The Conservative Sixties PDF? This is definitely going to save you time and cash in something you should think about.
