The New Paradigm

William Henry Samuel Jones

The New Paradigm:

The New Paradigm John O'M. Bockris, 2004 The New Paradigm begins by extolling Science and what it has done for us Then in Chapter 2 the consequences of our short sighted acceptance of the comforts of the present are shown to make it unlikely that the West can survive this century Exhaustion of resources and overpopulation are the principal reasons In Chapters 4 and 5 it is shown that our present beliefs in the foundations of science are ill based most of those secure foundations are by now shaking with doubt Then follows the essence of the book In Chapters 5 6 7 and 8 there is presented evidence for the acceptance of the reality of Telepathy and Precognition of ghosts of people of the ability of some to leave the body whilst still alive of experiences when very near to death which seem to be independent of the experiencer s religion These involve the experience of an intense feeling of love of the evaluation of your life etc The most frequent beginning to such experiences involves the observation of the patient on the death bed usually in a hospital operating room of one s own body from high up near the ceiling After that the evidence for Reincarnation in new bodies is given In Chapter 9 is a detailed discussion of what CONSCIOUSNESS means In this chapter comes a statement of the evidence for a Biofield to explain the ability of some to show that they can change their surroundings by the power of their mind In the last chapter some conclusions are given and an approach to a New Paradigm outlined Humans exist dualistically the essence of a human is inside his mortal body This essence is called Consciousness or the Soul and it lives on although we do not yet know for how many generations nor whether this reincarnation applies to all of us Acceptance of this vital change of outlook when it spreads to the general population will cause many changes including the diminishing of Hate and War and an increase in Peace and Love
