The New World Religion:

The New World-Religion Rev. Josiah Strong, 2015-06-16 Excerpt from *The New World Religion Our Country* which appeared in 1886 was the first attempt to study our great national problems from the social as well as the religious point of view Our World is so far as I am aware the first attempt to study the great world problems of the new civilization from the same point of view The work is planned in four volumes The first issued in 1913 pointed out a new world life with vitally important implications a new world industry a new world peace and a new world ideal after which men are now groping This new world life and a statement of the new world problems which grow out of it occupied the volume No solution of these problems was there attempted but only an analysis which showed their real nature and their imperative importance In the present volume the writer undertakes to show that the Christianity of Christ not only recognizes the new world ideal after which men are now feeling but defines illuminates and glorifies it that Jesus who always had the world vision laid down the world principles by which alone the great world problems can be solved and the new world ideal realized It is also shown that Institutional Christianity is now on trial and that only as it grasps the world significance of the teachings of Jesus and applies his principles to world salvation can it hope to survive About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works [The New World Religion](#) Gary H.

'The world's religions' series George Thomas Bettany,1892 **The Rise of Mormonism** Rodney Stark,2005-10-26 Will Mormonism be the next world faith one that will rival Catholicism Islam and other major religions in terms of numbers and global appeal This was the question Rodney Stark addressed in his much discussed and much debated article The Rise of a New World Faith 1984 one of several essays on Mormonism included in this new collection Examining the religion s growing appeal Rodney Stark concluded that Mormons could number 267 million members by 2080 In what would become known as the Stark argument Stark suggested that the Mormon Church offered contemporary sociologists and historians of religion an opportunity to observe a rare event the birth of a new world religion In the years following that article Stark has become one of the foremost scholars of Mormonism and the sociology of religion This new work the first to collect his influential writings on the Mormon Church includes previously published essays revised and rewritten for this volume His work sheds light on both the growth of Mormonism and on how and why certain religions continue to grow while others fade away Stark examines the reasons behind the spread of Mormonism exploring such factors as cultural continuity with the faiths from which it seeks converts a volunteer missionary force and birth rates He explains why a demanding faith like Mormonism has such broad appeal in today s world and considers the importance of social networks in finding new converts Stark s work also presents groundbreaking perspectives on larger issues in the study of religion including the nature of revelation and the reasons for religious growth in an age of modernization and secularization

A Kingdom of the Truth or Deception? David K. Hebert Th.D.,2024-12-18 This book has been the culmination of over forty years of study on the concept of defending the Christian faith against false religions and cults that oppose that faith by exposing them Since 2007 the study took on a more academic researched scholarly tone while writing one chapter in the doctoral work It was during that time frame that studying the false religions and cults took on a more focused biblical historical and Christian orthodox direction So the foundation of this book uses the Parable of the Wheat and the Weeds Tares in Matthew 13 24 30 36 43 and a clear understanding of the core orthodox Christian beliefs as the standard for Christians to compare the kingdom of God versus the kingdom of darkness and God s truth versus Satan s lies error throughout biblical history from the Garden of Eden to the present day especially as the day of Jesus Christ s return so rapidly approaches [An Illustrated and Popular Story of the World's First Parliament of Religions ...](#) ,1893
