Germany and the Next War Friedrich von Bernhardi, 2019-11-20 In Germany and the Next War Friedrich von Bernhardi presents a compelling discourse on military strategy and the geopolitical landscape of Europe leading up to World War I. The text emerges from the context of a rapidly industrializing continent marked by intense national competition and militarism. Bernhardi employs a persuasive and often polemical style articulating a vision for Germany's place in a world defined by conflict. He advocates for a proactive military stance and outlines the perceived threats from rival powers, articulating a complex interplay between national identity and military necessity while simultaneously reflecting on the philosophical underpinnings of war itself.

Friedrich von Bernhardi, a German general and military theorist, was deeply shaped by the events preceding the Great War. His extensive military experience and his position within the Prussian military elite led him to critically examine Germany's military doctrine and strategy. His belief in the inevitability of conflict and the supremacy of military power as a means to achieve national aims propelled him to write this provocative work, which has garnered both admiration and critique from contemporaries and historians alike.

Germany and the Next War is an essential read for scholars and enthusiasts of military history, offering profound insights into the mindsets that guided nations towards the tumult of World War I. Bernhardi's arguments resonate with broader questions of nationalism, strategy, and the philosophy of war, making it a vital contribution to the understanding of modern military thought. Readers looking to comprehend the historical roots of conflict in Europe will find this text indispensable.

**Germany and the Next War (WWI Centenary Series)** Friedrich Von Bernhardi, 2014-12-12

Our science our literature and the warlike achievements of our past have made me proudly conscious of belonging to a great civilized nation which in spite of all the weakness and mistakes of bygone days must and assuredly will win a glorious future and it is out of the fulness of my German heart that I have recorded my convictions I believe that thus I shall most effectually rouse the national feeling in my readers hearts and strengthen the national purpose This book is part of the World War One Centenary series creating collating and reprinting new and old works of poetry fiction autobiography and analysis The series forms a commemorative tribute to mark the passing of one of the world s bloodiest wars offering new perspectives on this tragic yet fascinating period of human history Each publication also includes brand new introductory essays and a timeline to help the reader place the work in its historical context
