*John Stoward Moyes and the Social Gospel* Paul Terracini, 2015-04-28 This book deals with the social gospel and one of its leading proponents in twentieth century Australia the Anglican bishop of Armidale New South Wales from 1929 to 1964 John Moyes It is an investigation and assessment of the career of Bishop Moyes as a study in Christian social engagement It concerns his vision for the role of the church in society and his contribution to that effect It is not a biography of John Moyes Neither is it an exhaustive history of the social gospel movement in Australia or anywhere else although they both feature prominently throughout Bishop Moyes was a highly articulate public debater who participated in several of the critical episodes in Australian history during the twentieth century The reader will find within the pages of this book discussion of highly contentious issues such as the attempt to ban the Communist Party of Australia in 1950 and 1951 the decision to commit Australian troops to the Vietnam War in 1965 and the Christian response to state legitimised violence Moyes is placed in context with some of the most notable Christian spokespeople on social and political issues in the twentieth century such as Walter Rauschenbusch Ernest Burgmann William Temple George Bell Dietrich Bonhoeffer Reinhold Niebuhr Martin Luther King Jr and Andr Trocm It is argued here that John Moyes made intelligent prescient and compassionate contributions to many of the issues to which he turned his mind but that like most others before or since he was unable to find a solution to the theological and moral challenges raised by the perceived threat to Australias sovereignty during World War II This book challenges the view that when national sovereignty is threatened the Christian response must be to support the governments call to war

**Philosophy of Nonviolence** Chibli Mallat, 2015-01-08 In 2011 the Middle East saw more people peacefully protesting long entrenched dictatorships than at any time in its history The dictators of Tunisia Egypt and Yemen were deposed in a matter of weeks by nonviolent marches Imprecisely described as the Arab Spring the revolution has been convulsing the whole region ever since Beyond an uneven course in different countries Philosophy of Nonviolence examines how 2011 may have ushered in a fundamental break in world history The break the book argues is animated by nonviolence as the new spirit of the philosophy of history Philosophy of Nonviolence maps out a system articulating nonviolence in the revolution the rule of constitutional law it yearns for and the demand for accountability that inspired the revolution in the first place Part One Revolution provides modern context to

the generational revolt probes the depth of Middle Eastern Islamic humanism and addresses the paradox posed by nonviolence to the perpetual peace ideal Part Two Constitutionalism explores the reconfiguration of legal norms and power structures mechanisms of institutional change and constitution making processes in pursuit of the nonviolent anima Part Three Justice covers the broadening concept of dictatorship as crime against humanity an essential part of the philosophy of nonviolence It follows its frustrated emergence in the French revolution its development in the Middle East since 1860 through the trials of Arab dictators the pyramid of accountability post dictatorship and the scope of foreign intervention in nonviolent revolutions Throughout the text Professor Mallat maintains thoroughly abstract and philosophical arguments while substantiating those arguments in historical context enriched by a close participation in the ongoing Middle East revolution
