## The Spirit Level:

**The Spirit Level** Richard Wilkinson, Kate Pickett, 2010-11-04 Why do we mistrust people more in the UK than in Japan Why do Americans have higher rates of teenage pregnancy than the French What makes the Swedish thinner than the Greeks The answer inequality This groundbreaking book based on years of research provides hard evidence to show How almost everything from life expectancy to depression levels violence to illiteracy is affected not by how wealthy a society is but how equal it is That societies with a bigger gap between rich and poor are bad for everyone in them including the well off How we can find positive solutions and move towards a happier fairer future Urgent provocative and genuinely uplifting The Spirit Level has been heralded as providing a new way of thinking about ourselves and our communities and could change the way you see the world

The Spirit Level Richard Wilkinson, Kate Pickett, 2011-05-03 It is common knowledge that in rich societies the poor have worse health and suffer more from almost every social problem This book explains why inequality is the most serious problem societies face today

Delusion shines the light of reason on some of the extraordinary claims made in favour of big government in the twenty first century Several books *The Spirit Level* Happiness and Affluenza amongst others have called for a radical shift in power from the individual to the state based on the supposedly devastating effects of wealth economic growth and inequality By examining all the available evidence Christopher Snowden tests the theory that more equal countries are healthier happier and more successful Through a sober assessment of the facts including some inconvenient truths *The Spirit Level Delusion* shows that the theory not only lacks empirical support but also fails the basic test of believability If you haven't read a book that made you laugh out loud on the bus or the Tube in a while try Christopher Snowden's superb release *The Spirit Level Delusion* But the book's subtle humour is not the reason I am recommending it *The Spirit Level Delusion* is above all a book that delivers and goes well beyond the promise of its subtitle fact checking the left's new theory of everything It may well be that the next big battle for a free society will be fought against the new anti wealth egalitarianism Christopher Snowden has provided defenders of freedom with powerful ammunition Kristian Niemietz Institute of Economic Affairs Snowden picks so many holes in the theory that were it a building it wouldn't be passed as structurally sound by the most crooked of third world local government surveyors I wish that everyone who espoused *The Spirit Level* would read *The Spirit Level Delusion* which explains just how dubious the science behind this grand theory is Ed West *The Telegraph* *The Spirit Level Delusion* not only successfully and dramatically undermines much of the evidence in *The Spirit Level* but also takes on the other fashionable opponents of economic growth His engaging discussion unpicks the evidence of the anti growth brigade and demonstrates that it is selective and partial This book is excellent tube reading Philip Booth *City AM* *Practical Engineer*, 1911
