The Splendor of Persia Robert Payne, 1957 Scribner's Monthly, an Illustrated Magazine for the People, 1886
The Century Illustrated Monthly Magazine Josiah Gilbert Holland, Richard Watson Gilder, 1886 *The World of Art*
Robert Payne, 2014-10-23 Very few books try to capture a subject as vast as the world of art and even fewer succeed But Robert Payne has succeeded and in this book he portrays in vivid fresh nontechnical language the entire history and achievement of the world's artists from the original caveman painters who decorated their homes with animal paintings to contemporary artists who fill their canvases with often bewildering abstract forms Payne approaches each artistic period and each great artist with sympathetic understanding and an appreciation of the values and aesthetic ideals of the time Through carefully chosen illustrations woven into his text moreover he shows exactly what makes a work of art great WORLD OF ART casts its view over all the types of art not only the Western tradition but the contributions of Egypt Persia India China Japan and other important cultures as well Yet the book is more than a mere survey for Robert Payne's special brilliance lies in showing the common spirit and aspiration that have united all the world's great artists The main value of this book is spontaneity There is nothing pedantic about it Although it ranges all over the world art from its earliest beginnings to the present the author keeps the flow of his account moving at a rapid pace Its importance is to offer a fast paced critical reassessment of the history of art in terms of today's outlook Mr Payne relies chiefly on a beautiful use of language which enables him to telescope the essence of a culture or period into a few well turned paragraphs He gives the reader a dynamic reevaluation based on critical judgments and first hand observations rather than a rehash of conventional academic views Rather than the pedantic accuracy of an encyclopedia approach Mr Payne's book possesses the rare quality of persuasiveness and enthusiasm and it will send the reader off to go and look Henry A La Farge Senior Editor Art News Making and Remaking Empire in Early Qajar Iran Assef Ashraf, 2024-02 Uses political practices and a socially oriented approach to explain imperial formation under the Qajars in early nineteenth century Iran The Joseph McCabe Magazine, 1930
