## **Vatican Gold:**

Chasing Gold George M Taber,2014-12-15 For the entire history of human civilization gold has enraptured people around the globe The Nazis was no less enthralled by it and felt that gold was the solution to funding Hitler s war machine Gold was also on the mind of FDR across the Atlantic as he worked with Europe s other leaders to bring the United States and the rest of the world out of a severe depression FDF was hardly the first head of state to turn to gold in difficult times Throughout history it has been the refuge of both nations and people in trouble working at times when nothing else does Desperate people can buy a loaf of bread or bribe a border guard Gold can get desperate nations oil to keep tanks running or munitions to fight a war If the price is right there is always someone somewhere willing to buy or sell gold And it was to become the Nazi s most important medium of exchange during the war Chasing Gold is the story of how the Nazis attempted to grab Europe s gold to finance history s bloodiest war It is filled with high drama and close escapes laying bare the palate of human emotions Walking through the tale are giants of world history as well as ordinary people called upon to undertake heroic action in an extraordinary time

*Nazi Gold - Latitude 55* A. Jay Collins,2023-11-17 In the waning days of World War II a crafty Sicilian prospector and his mafia associates concoct a scheme to hide tons of Nazi gold pilfered from their victims in an aspiring gold mine in the mountains of British Columbia until it is called for Decades later a private organization contracted by a group based in Turkey is determined to find the gold and return it to the countries and the descendants of the people from whom it was stolen In order to recover it and correct this historic injustice they ll have to battle secretive Swiss and German banks the mafia and even the Vatican all of whom are seeking to either cover up their involvement in the crime or racing to reclaim the gold

media what they see is a mesh of conspiracies that define the texture of their everyday lives often for the worst Most people believe that there is a grain of truth in most theories about conspiracies this book is for them Inside the Vatican ,2003
