

When Elephants Paint

**Komar & Melamid, Dave Eggers, Mia
Fineman**

When Elephants Paint:

When Elephants Paint Komar & Melamid, Dave Eggers, Mia Fineman, 2000-11-21 For centuries elephants in Thailand have been revered as a national symbol worshiped as living gods and employed as beasts of burden in the nation's thriving timber industry. But when logging was banned in Thailand in 1990 these noble animals fell on hard times. Reduced to performing tricks for tourists by day and illegal heavy labor by night Thailand's elephants were exhausted, malnourished, and dying in alarming numbers. Hearing of their plight a pair of unlikely heroes came to the rescue. Wildly eccentric Russian emigre artists Vitaly Komar and Alexander Melamid devised a brilliant scheme to create the world's first quadruped occupational retraining program: a network of art schools for unemployed elephants. Taking a cue from elephant trainers in a number of American zoos, Komar and Melamid taught the animals to hold brushes in their trunks and apply paint to canvas. And the results were astonishing. Not only did the elephants' paintings closely resemble the expansive gestural work of such Abstract Expressionist artists as Jackson Pollock, Willem de Kooning, and Franz Kline, but the pachyderm painters also began to develop clearly distinct regional styles: lyrical and expressive in the northern Thai school, subtle and atmospheric in the east, dynamic and angst-ridden in the central school. Sanctioned by the World Wildlife Fund, the Asian Elephant Art and Conservation Project has been a remarkable success. Paintings by some of the most talented elephant artists have been auctioned at Christie's for thousands of dollars, generating funds to provide proper care for the elephants and support for their trainers. *When Elephants Paint* follows Komar and Melamid and their eclectic entourage through Thailand's lush jungles and steaming cities, describing the odd encounters and creative cajoling that helped turn this seemingly whimsical idea into a concrete, beneficial reality. Illustrated with more than 100 photographs, including actual elephant paintings, this riotously funny and provocative book offers a valuable lesson in wildlife conservation and startling revelations about the nature of art itself.

When Elephants Weep Jeffrey Moussaieff Masson, 2009-10-21 This national bestseller exploring the complex emotional lives of animals was hailed as a masterpiece by Elizabeth Marshall Thomas and as marvelous by Jane Goodall. The popularity of *When Elephants Weep* has swept the nation as author Jeffrey Masson appeared on Dateline NBC, Good Morning America, and was profiled in *People* for his ground-breaking and fascinating study. Not since Darwin's *The Expression of Emotions in Man and Animals* has a book so thoroughly and effectively explored the full range of emotions that exist throughout the animal kingdom. From dancing squirrels to bashful gorillas to spiteful killer whales, Masson and coauthor Susan McCarthy bring forth fascinating anecdotes and illuminating insights that offer powerful proof of the existence of animal emotion. Chapters on love, joy, anger, fear, shame, compassion, and loneliness are framed by a provocative re-evaluation of how we treat animals, from hunting and eating them to scientific experimentation. Forming a complete and compelling picture of the inner lives of animals, *When Elephants Weep* assures that we will never look at animals in the same way again. □□□□□□□□, 2006 GCT 10 2003 2005

Examining Energy and the Environment around the World Bruce E. Johansen, 2019-04-01 This volume addresses

ten issues pertaining to energy and the environment such as climate change fossil fuels endangered species and renewable energy and examines how these issues are affecting countries around the world In the industrial age first powered by coal and then more often by oil environmental degradation nearly inevitably followed resource exploitation and energy production This book examines environmental issues in specific countries around the world as well as solutions some of these countries have discovered in order to help save the environment This volume includes 10 chapters each addressing a specific issue relating to energy and the environment as it pertains to a variety of countries including toxic chemicals pollution deforestation and climate change Each chapter begins with an introduction to the issue Following the chapter introduction each chapter highlights that issue in eight countries and provides historic perspective This work provides an overview for high school students and college students at the undergraduate level on 10 important topics that address matters relating to energy and the environment in the 21st century

Temples and Elephants Carl Bock,1884 **The Alchemy of Paint** Spike Bucklow,2009 The Alchemy of Paint is a critique of the modern world which Spike Bucklow sees as the product of seventeenth century ideas about science In modern times we have divorced color from its origins using it for commercial advantage Spike Bucklow shows us how in medieval times color had mystical significance far beyond the enjoyment of shade and hue Each chapter demonstrates the mindset of medieval Europe and is devoted to just one color acknowledging its connections with life in the pre modern world Colors examined and explained in detail include a midnight blue called ultramarine an opaque red called vermilion a multitude of colors made from metals a transparent red called dragonsblood and finally gold Today scarlet describes a color but it was originally a type of cloth Henry VI s wardrobe accounts from 1438 to 1489 show that his cheapest scarlet was 14 2s 6d and that scarlets could fetch up to twice that price In the fifteenth century a mid priced scarlet cost more than two thousand kilos of cheese or one thousand liters of wine This expense accounts for the custom of giving important visitors the red carpet treatment The book looks at how color was read in the Middle Ages and returns to materials to look at the hidden meaning of the artists version of the philosopher s stone The penultimate chapter considers why everyone has always loved gold Spike Bucklow is a conservation scientist working with oil paintings at the Hamilton Kerr Institute in Cambridge

When Elephants Paint: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels enthraling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. When Elephants Paint : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. When Elephants Paint : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
