Unusually Special Relativity Andrzej Dragan,2021-11-24 Iconoclastic physics professor and artist Andrzej Dragan presents a unique feast of knowledge on special relativity in a straightforward progressive manner that even a savvy high school student could follow Encompassing the derivation of Lorentz transformations to Wigner rotations and Thomas precession from non inertial accelerated reference frames to event horizons curved spacetime and static black holes and from the Doppler effect to relativistic structure of electromagnetism Dragan peels back the enigmatic layers of modern physics to enable a deeper understanding of Einstein s groundbreaking theory Comprehensive and elegantly written full of insightful apparent paradoxes and riddles but without any complicated math Dragan s unique overview takes the reader well beyond the orthodox verses of standard Special Relativity to the bleeding edge of new fangled superluminal apocrypha and their relation to Quantum Theory The book is based on a course on Special Relativity and acclaimed by students taught by Dragan who is a leader of a research group on Relativistic Quantum Information theory at the University of Warsaw and the National University of Singapore **The Berol System of Memory Training** Felix Berol,1918 **WITCH WATCH, Vol. 15** Kenta Shinohara,2025-08-26 Morihito struggles in his fight against Ran but he uses a special technique that Ran s own father taught him in order to unleash one final powerful blow and defeat him But just as the battle seems to be at an end a mysterious warlock appears who has been pulling strings behind the scenes Instead of unleashing powerful magic the man pulls out *WITCH WATCH, Vol. 5* Kenta Shinohara,2023-02-28 Nico s long awaited movie date with Morihito has finally arrived Morihito gives her permission to cast a spell on him to make his emotions easier to read and the spell ends up a bit more interesting than the movie date itself Next Kanshi needs help with his part time job and asks for a spell to speed him up but things don t go as planned per usual And then the student council appears and the president starts his harassment campaign to get Morihito to join them Morihito s only escape from them is summer vacation along with a letter from Nico s mother with a new prophecy VIZ Media
