Vatican Gold:

Chasing Gold George M Taber,2014-12-15 For the entire history of human civilization gold has enraptured people around the globe The Nazis was no less enthralled by it and felt that gold was the solution to funding Hitler s war machine Gold was also on the mind of FDR across the Atlantic as he worked with Europe s other leaders to bring the United States and the rest of the world out of a severe depression FDF was hardly the first head of state to turn to gold in difficult times Throughout history it has been the refuge of both nations and people in trouble working at times when nothing else does Desperate people can buy a loaf of bread or bribe a border guard Gold can get desperate nations oil to keep tanks running or munitions to fight a war If the price is right there is always someone somewhere willing to buy or sell gold And it was to become the Nazi s most important medium of exchange during the war Chasing Gold is the story of how the Nazis attempted to grab Europe s gold to finance history s bloodiest war It is filled with high drama and close escapes laying bare the palate of human emotions Walking through the tale are giants of world history as well as ordinary people called upon to undertake heroic action in an extraordinary time

Nazi Gold - Latitude 55 A. Jay Collins,2023-11-17 In the waning days of World War II a crafty Sicilian prospector and his mafia associates concoct a scheme to hide tons of Nazi gold pilfered from their victims in an aspiring gold mine in the mountains of British Columbia until it is called for Decades later a private organization contracted by a group based in Turkey is determined to find the gold and return it to the countries and the descendants of the people from whom it was stolen In order to recover it and correct this historic injustice they ll have to battle secretive Swiss and German banks the mafia and even the Vatican all of whom are seeking to either cover up their involvement in the crime or racing to reclaim the gold

media what they see is a mesh of conspiracies that define the texture of their everyday lives often for the worst Most people believe that there is a grain of truth in most theories about conspiracies this book is for them **Inside the Vatican** ,2003

The Technical Arts and Sciences of the Ancients Albert Neuburger,1930 **Holocaust Gold** Raul Teitelbaum,Moshe Sanbar,2001 Amid the severe devastation wrought by the Second World War the economic implications of the Nazi regime is a subject that has come to light only in recent years Holocaust Gold by Raul Teitelbaum and Moshe Sanbar is an important and revealing contribution to this growing body of historical research Tracing the path of Nazi looting and plunder Sanbar and Teitelbaum identify and elaborate the complexities of this sensitive issue and the difficulties in seeking justice half a century later The lack of German documentation of the gold looted from individuals combined with a host of contributing factors that include politics and the role of the media ensures that the issue of Nazi gold be so difficult and painful to reconcile The authors explore the role of neutral Switzerland and the systematic effort by Swiss leaders to blur the tracks of the gold that reached the vaults of the Nazi Reichsbank A detailed chapter features an expose of the little known Vreneli affair the minting of Vreneli gold coins on an unprecedented scale and the sale of these coins to the general public in order to shrink the enormous gold stocks Switzerland amassed during the war Holocaust Gold also uncovers several fascinating and telling pieces of information including the story of Himmler s mistress who was assured a luxurious lifestyle after the war and how SS officials used gold extracted from the mouths of their victims for their own dental work This book is comprehensive and impressive providing a historical and economic framework in which to contemplate the magnitude of the Nazi looting and the subsequent cover ups The authors condemn the Swiss authorities convincingly contending that the 1 25 billion that the major Swiss commercial banks pledged to the victims of the Holocaust totally disregards the active role the Swiss Central Bank and Swiss government played in this devastating affair Holocaust Gold is both courageous and insightful exploring a shameful economic history and policy to which the world has only recently awoken Amazon com **The History of the Popes** Ludwig Freiherr von Pastor,1923 SHELVED 1st FLOOR REFERENCE COUNTER HIGH SHELVING WEST SIDE Missing v 1 17 and 38 40 06 03 **A Gold Treasure of the Late Roman Period** Walter Dennison,1918 **Secret Messages** David J.
