

# 12 IDEAS TO INCREASE PRODUCTIVITY

**1 CHOOSE THE RIGHT TIME** 

Nearly everyone has times of the day when they are most effective and times when they tend to drag. It's smart to schedule the most critical tasks for your most effective time of the day.

**6 BATCH SIMILAR TASKS TOGETHER** 

Do all your emailing at one time. Make all your phone calls at another. Open your snail mail during a set block of time. You'll waste less time by doing your work in this fashion.

**7 SET A TIMER** 

Even if a task might take hours, starting will seem easier if you simply give yourself 30 minutes to get as much done as you can. A time limit seems to help many people concentrate and work better, too.

**2 TOSS IT** 

If a task doesn't really need to be done, just get rid of it altogether.

**8 SET TARGETS** 

For example, if you have to make cold-calls for your sales job, tell yourself that you're not getting up for any reason until you've made at least 100 calls. Regardless of what happens, refuse to stop until you hit your target.

**3 GET THE BAD STUFF OUT OF THE WAY** 

Do the unpleasant items quickly and as early in the day as possible.

**9 USE THE PARETO PRINCIPLE.** 

This principle states that 20% of the actions you could take will provide you with 80% of the benefits. So *focus on the tasks that will accomplish the most.* Unfortunately, these are frequently the tasks that are not enjoyable. You might be surprised how little you really have to do if you focus on the critical 20%.

**4 SET A GOAL EACH DAY (OR NIGHT)** 

In the morning, decide what you want to accomplish that day. This can be even more effective when planned the night before. *Once you have a sense of direction, you can spend all your time getting things done!*

**10 DELEGATE SOME OF YOUR WORK.** 

Is there anyone else who can help you? The people around you are resources. When appropriate, use their time and talents wisely to get things done more quickly.

**5 ELIMINATE ALL COMMUNICATION** 

While you're working, turn off the phone / cell phone, and don't check your email. Hang a sign that says, "Do not disturb," if necessary. You don't have to do this for all your tasks, but at least do it during the more difficult items.

**12 INCREASE YOUR SPEED** 

It sounds silly, but this can really help. Try doing everything a little faster. Walk faster, talk faster, type faster, and read faster.

**11 SET A DEADLINE** 

Having a specific endpoint will really help to focus your time and energy. If a task doesn't feel necessary, chances are that it won't get done.

*The Southwest Economy*, 2005 **Post Proceedings**

**of the World Conference on Cultural Design/Digital Condition Design** Yeunsook Lee,2001      **Ideas that Work**  
National Governors' Association,1996      **Digital Bridges** John Senyo C. Afele,2003 Globalization and global equity are built  
on the premise of peace The causes of many divisions and tensions in human communities lie in the imagined or real gain of  
financial or material assets of some elements of the community to be at the expense of others The global community however  
lacks clear definitions and methods of stability whether political economic or social Digital Bridges Developing Countries in  
the Knowledge Economy provides insight into the methods and theories behind the globalization of information technologies  
    **Digital Age** Linda Leveque Bennett,Michael J. Berson,2007      *Digital Citizenship in Schools* Mike Ribble,Gerald D.  
Bailey,2007 Tackles personal interaction when using technologies and the role of digital citizenship in classrooms      The  
Idea of Order ,2010 This document explores the transition from an analog to a digital environment for knowledge access  
preservation and reconstitution and the implications of this transition for managing research collections The volume  
comprises three reports The first Can a New Research Library be All Digital By Lisa Spiro and Geneva Henry explores the  
degree to which a new research library can eschew print The second On the Cost of Keeping a Book by Paul Courant and  
Matthew Buzzy Nielsen argues that from the perspective of long term storage digital surrogates offer a considerable cost  
savings over print based libraries The final report Ghostlier Demarcations examines how well large text databases being  
created by Google Books and other mass digitization efforts meet the needs of scholars and the larger implications of these  
projects for research teaching and publishing The reports are introduced by Charles Henry the volume includes a conclusion  
by Roger Schonfeld and an epilogue by Charles Henry Individual articles contain tables figures and footnotes      **Digital**
