**Translanguaging in Translation** Eriko Sato, 2022-03-28 This book brings applied linguistics and translation studies together through an analysis of literary texts in Chinese Hindi Japanese and Korean and their translations It examines the traces of translanguaging in translated texts with special focus on the strategic

use of scripts morphemes words names onomatopoeias metaphors puns and other contextualized linguistic elements As a result the author draws attention to the long term often invisible contributions of translanguaging performed by translators to the development of languages and society The analysis sheds light on the problems caused by monolingualizing forces in translation teaching and communicative contexts in modern societies as well as bringing a new dimension to the burgeoning field of translanguaging studies *The Hebrew Bible in Contemporary Fiction and Poetry* Lena-Sofia Tiemeyer,2025-03-31 This book discusses 20th and 21st centuries literary retellings of biblical texts focusing on how fiction and poetry fill the extant narrative gaps present in the often sparse biblical accounts and align the narratives with theological and or cultural expectations of modern interpreting communities The chapters written by an international group of scholars explore biblical retellings in a variety of modern languages ranging from Korean and Chinese to Hebrew and Arabic Most of the contributions deal with retellings of the narrative books Genesis Exodus Judges Ruth 1 2 Samuel Daniel but a few are devoted to prophetic Hosea and poetic Psalms ones Another set of articles looks beyond specific biblical books and instead analyses how the Bible has been retold in different literary genres Children and YA literature sci fi and fantasy Christian Inspiration fiction and in modern political discourse North and South Korea All the chapters further highlight how literary retellings of the Bible form two way movements They reveal the often subversive quality of literary retellings retellings not only emphasise those nuances in the biblical texts that create unease but also problematise their standpoint and question their moral and theological message *The Hebrew Bible in Contemporary Fiction and Poetry* is suitable for students and scholars of biblical studies working on intertextuality and reception history It is also of interest to those working on comparative literature particularly with regards to the Hebrew Bible in popular culture and literature *Prehistoric Religion* Philo Laos Mills,1918
