U.S. Geological Survey Professional Paper, 1985 **The Time Slip Experience** Anthony Meyer, 2021-11-07 The possibility of time travel has long fascinated the public Although physicists tell us such a thing is theoretically possible any practical application of a time machine will remain in the realms of science fiction for the foreseeable future However as this book shows there are many documented cases where people have been unwittingly transported back or sometimes forward in time They find themselves gazing upon scenes not of their era and in some cases dialogue with strangers encountered in the time slip takes place This book explores a number of fascinating cases and seeks to identify triggers and mechanisms involved in the time slip phenomenon *Iron Age*, 1908 Yesterday's Tears Jane O'Brien, 2019-05-13 Fran Clark's grandmother has passed away and she is assigned the task of going through her Gram's personal items deciding what to keep and what to discard As she is going through desks and drawers she comes across a key that opens Gram's trunk which is filled with quilts made by generations of Clark women The key was one she had always loved as a child Filled with nostalgia Fran spreads the quilts across the room and while shedding tears for the loss of her grandmother she suddenly finds herself transported to 1875 and she is not even sure how she got there Scared and alone she must find a way to fit into this new world As Fran struggles to find her way back to her own time period she learns of a new way of living in the post Civil War era one of hard work with very little time for relaxation and lacking any modern amenities but as she begins to adjust she discovers a different side to herself She finds strength and a self confidence she did not know she had and she

learns that two different men find her beautiful something she had never thought about herself before When the time has come to make a decision to stay or leave she is torn If she stays she will have a contented and fulfilled life but she will be living a lie and she risks hurting those she has grown to love and who love her And if she goes even though she will once again be back with her family she will have to deal with all of the pressures of a modern life and she will be facing it alone with no one to love Can Fran find a way back to her own time Does she want to Travel back in time with Fran and decide for yourself what you would do Yesterday s Tears is the first book of a new series by Jane O Brien called A Slip in Time
