Bailey,1922-01-01 Before entering upon the subject matter of the following articles on Initiation on the Paths that open before the perfected man and on the Occult Hierarchy certain statements may be made which seem essential for the judicious study and comprehension of the ideas submitted It is to be recognised that throughout this volume facts are alleged and definite statements made which are not susceptible of immediate proof by the reader Lest it be inferred that the writer arrogates to herself any credit or personal authority for the knowledge implied she emphatically disavows all such claims or

representations She cannot do otherwise than present these statements as matters of fact Nevertheless she would urge those who find somewhat of merit in these pages that they be not estranged by any appearance of dogmatism in the presentation Nor should the inadequacy of the personality of the writer act as a deterrent to the open minded consideration of the message to which her name happens to be appended In spiritual issues names personalities and the voice of external authority hold small place That alone is a safe guide which holds its warranty from inner recognition and inner direction It is not therefore material whether the reader receive the message of these pages as a spiritual appeal in an idealistic setting a presentation of alleged facts or a theory evolved by one student and presented for the consideration of fellow students To each it is offered for whatever of inner response it may evoke for whatever of inspiration and of light it may bring In these days of the shattering of the old form and the building of the new adaptability is needed We must avert the danger of crystallisation through pliability and expansion The old order changeth but primarily it is a change of dimension and of aspect and not of material or of foundation The fundamentals have always been true To each generation is given the part of conserving the essential features of the old and beloved form but also of wisely expanding and enriching it Each cycle must add the gain of further research and scientific endeavour and subtract that which is worn out and of no value Each age must build in the product and triumphs of its period and abstract the accretions of the past that would dim and blur the outline Above all to each generation is given the joy of demonstrating the strength of the old foundations and the opportunity to build upon these foundations a structure that will meet the needs of the inner evolving life

Liber DCLXXI Vel Pyramidos Aleister Crowley,2020-09-06 Aleister Crowley crafted Liber DCLXXI vel Pyramidos from an earlier ritual he called the ThROA or Liber 671 Both rituals are based on the Neophyte Ceremony of the Hermetic Order of the Golden Dawn While the ThoROA ritual was meant to be conducted by several officers with a candidate Pyramidos would be simplified even more to ensure it could be performed by a single person and would become one of the rituals of self initiation used within Crowley's A A even though it was never truly published While self initiation was the main goal of the ritual Crowley also designed so that it could be broken down into parts and used in other rituals and formats as well So presented here in an affordable paperback copy meant to be bent written in used and abused is Liber DCLXXI vel Pyramidos A Ritual of Self Initiation based upon the Formula of the Neophyte along with Journal Pages attached in the back of the book to make note taking that much easier We've also included the Neophyte Ritual of the Hermetic Order of the Golden Dawn to better assist the student in the understanding of Pyramidos It is the hope of the Editors here at Bounty of Babalon Publishing that any aspirant to the A A may now have access to this important and powerful ritual *THE HIDDEN PATH BEHIND INITIATION* NICK FARRELL,2014-11-02 In the late 18th century two prominent German esoteric masons wrote a fantasy about an Ancient Egyptian Magical Order called the Crata Repoa It was influential in the development of many masonic and esoteric groups through out the 18th and 19th centuries and its influence can be indirectly seen on modern groups such as the Order of the Golden Dawn the Ordo Templi Orientis and even modern Wicca As the knowledge of Egyptian history developed Crata has become disregarded by those who had taken it literally and it has been largely ignored What Nick Farrell sets out in this book is that Crata Ropea was an example of an esoteric allegory written by two adepts to explain the path of initiation and goal posts to other esoteric experts Once you have broken the symbolic code behind the book you can see advice guidance and direction for various points of your esoteric life **The history of initiation, 3 courses of lectures** George Oliver,1841 **Perspectives on Initiation** René Guénon,2004-05 The present volume first published at the close of World War II and based on a series of articles on initiation originally written between 1932 and 1938 for Le Voile d Isis later renamed tudes Traditionnelles is unique in giving a comprehensive account both of the conditions of initiation and

of the characteristics of organizations qualified to transmit it Gu non s distinction between the initiatic and the mystical paths the first requiring a formal relationship with a master a set of specific contemplative techniques and a chain of transmission stretching back to the origin of the tradition in question the second generally lacking these elements led to some controversy between those who accept this distinction and others who believe that initiatory and mystical spirituality are one and the same The book presents such central principles as the dangers and barrenness of syncretism the often dire consequences of fostering psychic powers and the superiority of sacerdotal initiation into the Greater Mysteries over royal initiation into the Lesser Mysteries though both are necessary parts of the initiatic path This last point precisely defines the rift between Gu non and Julius Evola whose elevation of royal initiation over sacerdotal must be seen according to Gu non s criteria as a modern day echo of the ancient revolt of the warrior caste against the priestly one Whoever follows Gu non s argument will realize that a romantic warrior mysticism held no fascination for him and is in fact explicitly contrary to his principles But pre eminently Perspectives on Initiation provides indispensable points of reference for anyone attempting to distinguish between initiatic pseudo initiatic and countert initiatic spiritualities in these profoundly uncertain times

Hermetics Initiation And Masters Part 1, 2 And 3 Magnus Sarmarx,2018-05-01 The Realization Into Hermetics Initiation And Masters Part 1 2 And 3 books is united here for preparation for the new book who is coming In Initiation Into Hermetics Franz Bardon presented a system of practices graded by degrees to accompany the Adept from the simplest level to the most complex state yet both the practices and teachings contained in his book function only as tools that only in hand Of someone able to use them correctly come to their ultimate goal How many people have practiced so dedicatedly and still practice these techniques and fall short of what they hoped to achieve How many years have you dedicated to this goal In order to carry out the Great Work an unshakable determination is always necessary but if you continue to use the same techniques always you will unfortunately always get the same results how much time do you still believe you have in this life to achieve what you set out to achieve Using improved techniques in the right way and improving them always more is what will lead to the dreamed goal and we have no time to lose Among the Alchemists it was said that the philosopher s stone is like a forgotten treasure in a pit and that the more one tried to catch more the gap deepened and more roots appeared between them and their objective That is exactly what has happened and has plagued many of the dedicated students of Hermetic both today and in the past ages and the hard truth is made present because the path that can be followed does not lead to the True Path because this is something that presents itself Himself in his own way and with his Absolute Power unquestioning Authority being The Strong Force of All Strength to teach you the means of how to arrive in this state of Supreme Bliss where the Universe converges to bless you is the purpose of this book The Path to the Great Work is unique in its direction but multiple in its strands Hermeticism is to follow this path by obtaining the union of all powers and balancing them both in a Passive Receptive and Active Aggressive manner the union of the Elements and their Absolute Control over the protection of

the Law of Manifestation of Polarity is the Realization of the Scepter of the Power and the full consecration of the Master in this art The human being in his conscious state supports only a tiny fraction of the Cosmic Consciousness thus making it impossible for him alone to touch and unite with the higher powers only with the application of the Law of Polarity in its deepest strand is obtained So your success both your Conscious and Perceptible as well as your Unconscious and Imperceptible must be directed towards achieving such a noble goal For the vast majority of the uninitiated what they do not perceive and which can not be touched or conceivable by them is not part of their world practically for them is something that does not exist yet it is precisely this inconceivable and unexpected part that when presented In their lives it assaults to him of surprise and of fatal way When a Higher Power manifests itself in the world it is only perceptible and comprehensible in its totality to those who are on the same level the lower levels only perceive fractions and the lower ones have never been able to comprehend it and these which are so are Adapted so much to their material physical state that they disconnected completely forgot the Grandiosity from which they came from the Power of their Microcosm and from their Sacred counterpart The Macrocosm The Initiate was already able to apply the Law of Polarity and thus obtain and fix his own reintegration with the flow of Divine Providence in this world strengthening him with blessing and power making his life be watched over by Superior and Absolutely Holy Forces And now to consecrate his masters he needs to reintegrate with the foundation of this power so deeply that they will become more than inseparable When he came into this world his Being in the process of incarnation was turned away from the Holy Powers Forces and Plans his vibrational state equaled to this time and finally to the material social and emotional environment then reborn yet his Spirit in his state Always imperative and present directed him again by the experiences of his life and by the love of his heart to reintegrate and rise again reconnecting to the Sacred Plans Forces and Powers thus extinguishing their pendencies with this world and allowing their Ascension the first step in this Sacred Way has already been given in the last Book with the True Initiation and now its Kingdom must be re erected here in its fullness to obtain the Master only from this conquest that can go forward and obtain Sacred Realization The Universal Fire establishing itself in the Magus as it was shown in the practices of the last book grants it abilities and powers that for many were unknown and sometimes unbelievable make use of its forces and carry on with all its Power we will still speak in the First part of this book how to stabilize and deepen still further in this force there is nothing in the world that can be compared to it this Force and this Power is the Foundation for your salvation and after the Realization you can obtain with it the Supreme Most Holy Sacred Sword And in obtaining this Upper and Crushing Force his horizons widened beyond the barriers of the mortal world and at this point he could Open the Way to his beloved brethren who still trapped the chains of the world follow in the midst of great sufferings with unshakeable strength and will on the way Of the Great Work When the time comes just as I am doing to you my holy brother lift your Supreme Most Holy Sacred Sword and Walk the Path for them For the Initiate who has already built the pillars of the Universal Elements Fire and Air their

resources will be expanded here so that they can safely obtain the pillar of the Universal Water element This is the next step Fire is Strength and Power Air is Wisdom and Water is Universal Love from which Blessing Healing and Infinite Life is born uniting Human Heart with Divine Heart micro and macro and the infinite power that is born from this state being in the Now living consciously and unconsciously in the deepest center of All Powerful Superior loving deeply and generating strength and being deeply loved thus generating courage By locating and accepting the love of the beings of the universe accepting that there are forces and powers that through Divine Grace and its infinite power mercy and strength protect and bless you deeply recognizing and reconnecting with this Supreme Power and feeling it fully By maintaining this power and this state of receptivity feel this active power deeply in your life present past and future conscious and unconscious Lucky Success and Well Being alive permanent and real Magnus Sarmarx Betwixt & Between Louise Carus Mahdi, Steven Foster, Meredith Little, 1987 Betwixt and Between offers new insights into the basic elements of initiations and rites of passage The absence of these traditional supports creates problems in the lives of those who are caught in the void and lack definite expectations at various times of their lives The chapters on masculine and feminine initiation provide new and creative concepts and practical possibilities for each of us Initiation has been a missing component in the modern world and needs to be re introduced with new understanding and consciousness
