Swahili Muslim Publics and Postcolonial Experience Kai Kresse, 2018-12-17 Swahili Muslim Publics and Postcolonial Experience is an exploration of the ideas and public discussions that have shaped and defined the experience of Kenyan coastal Muslims Focusing on Kenyan postcolonial history Kai Kresse isolates the ideas that coastal Muslims have used to separate themselves from their upcountry Christian countrymen Kresse looks back to key moments and key texts pamphlets newspapers lectures speeches radio discussions as a way to map out the postcolonial experience and how it is negotiated in the coastal Muslim community On one level this is a historical ethnography of how and why the content of public discussion matters so much to communities at particular points in time Kresse shows how intellectual practices can lead to a regional understanding of the world and society On another level this ethnography of the postcolonial experience also reveals dimensions of intellectual practice in religious communities and thus provides an alternative model that offers a non Western way to understand regional conceptual frameworks and intellectual practice **The Colonial Experience** David Freeman

Balagangadhara, Sarika Rao,2021-09-04 Why ask this question today After all a lot is written about India her culture her past her society the psychology and sociology of individuals and groups Why is that not enough It is because what we have learnt so far is either false or fragmentary If Indian culture is not a slightly inferior slightly idiosyncratic variant of Western culture as the received view has it for a very long time what else is it Research into culture and cultural differences gives novel and surprising answers Written for an intelligent but lay public this book shares the results of 40 years of scientific investigations in the research programme Comparative Science of Cultures It transcends the political distinction between the right and the left by looking deeper into ideas on human beings society culture experience the past impact of colonialism etc Today the question What does it mean to be Indian is both important and difficult to answer Is there something Indian about this culture that goes beyond the differences between Hindus Muslims Christians Sikhs or Jains What does it berhaupt mean to belong to Indian culture
