The Hunter's & Trapper's Complete Guide ,1875 **The Doomed Guide ; Or, The Hunter's Trail** Friedrich Gerstäcker,Francis Johnson,1871 [The Hunter's Guide](#) Bob Becker,1934 **The Hunter Elite** Tara Kathleen Kelly,2018-03-15 At the end of the nineteenth century Theodore Roosevelt T S Van Dyke and other elite men began describing their big game hunting as manly sport with the rifle They also began writing about their experiences publishing hundreds of narratives of hunting and adventure in the popular press and creating a new literary genre in the process But why did so many of these big game hunters publish What was writing actually doing for them and what did it do for readers In exploring these questions The Hunter Elite reveals new connections among hunting narratives publishing and the American conservation movement Beginning in the 1880s these prolific hunter writers told readers that big game hunting was a test of self restraint and manly virtues and that it was not about violence They also opposed their sportsmanlike hunting to the slaughtering of game by British imperialists even as they hunted across North America and throughout the British Empire Their references to Americanism and manliness appealed to traditional values but they used very modern publishing technologies to sell their stories and by 1900 they were reaching hundreds of thousands of readers every month When hunter writers took up conservation as a cause they used that reach to rally popular support for the national parks and for legislation that restricted hunting in the US Canada and Newfoundland The Hunter Elite is the first book to explore both the international nature of American hunting during this period and the essential contributions of hunting narratives and the publishing industry to the North American conservation movement

[The Hunter's Way](#) Craig Raleigh,2018-10-02 Craig Raleigh puts hunting into modern perspective combining higher sensibilities and his firsthand insight into the hunting world to gently illuminate a part of human nature that was and still is among the purest of human endeavors Jim Shockey award winning writer and host of Jim Shockey s Hunting Adventures and Uncharted A thoughtful appreciation of hunting and a celebration of the outdoors that illuminates the hunter s psyche role and influence on our culture As we began to set foot in the outdoors we didn t expect to learn something beyond where the deer were running or where the ducks were flying Once we realized what these creatures really wanted it was the opening of truth for us as hunters A long time hunter and fisherman and senior writer at Wide Open Spaces Craig Raleigh has spent most of the last forty five years of his life trying to find that elusive Holy Grail of hunting that unimagined outdoor reality where one s

training instinct and experience converge into extraordinary bliss and accomplishment He is the first to admit that this does not entail the capture of a deer or an ever evasive pheasant It is the freedom to give back to the outdoors as much as one takes from it For hunters a life lived in the outdoors is massively rewarding and offers non stop pleasures It comes with the love of camaraderie choice and reward and provides a deep appreciation for the nature world The Hunter s Way is his meditative and philosophical journey into the soul of a hunter Divided into four parts that mirror the hunting experience the background the preparation the hunt and the harvest it addresses the paradox of hunting as conservationism ruminates on the failures and successes of hunting as sport and as a way of life and reveals how hunting influences our society As Raleigh explains the hunt is so much more than the kill Most often the hunter leaves the woods and fields empty handed Rather the beauty of hunting is in the experience itself As a hunter you are constantly looking for clues Yet in nature signs are changeable confusing and never the same the second time A captivating synthesis of On Trails Norwegian Wood and Shop Class as Soulcraft The Hunter s Way is a literary reflection and love letter to the value of hunting as both sport and way of life
