relationships The play concludes with the resolution of misunderstandings the reconciliation of couples and the exposure of true intentions leading to a series of humorous and satisfying outcomes The Rivals is celebrated for its lively characters clever dialogue and comedic situations It remains a popular play in theatre repertoires world The character of Mrs Malaprop has become iconic with her name giving rise to the term malapropism to describe the misuse of words The Rivals of Aristophanes David Harvey,John Wilkins,2002-12-31 The work of the other comic poets of classical Athens those who competed with and in some cases defeated their eventually better known fellow comedian Aristophanes has almost eluded the historical record The poetry of Cratinus Phrynichos Eupolis and the rest has survived only in tantalising often tiny fragments and citations Modern studies in this field have themselves often been difficult of access Here an exceptional cast of scholars including most of the leading international authorities provides a set of 28 interpretative essays to cover every one of these other poets of Athenian Old Comedy for whom significant evidence survives The work includes a comprehensive bibliography and is a landmark in the study of Old Comedy *Preface. Bibliography of the early collected editions. The rivals. St. Patrick's day. The duenna. A trip to Scarborough* Richard Brinsley Sheridan,1928 *The Rivals* Richard Brinsley Sheridan,1941 The Rival Submarines Percy F. Westerman,2013-08-01 Renowned action adventure author Percy F Westerman gained his knowledge of nautical warfare the hard way through two stints of service in the Royal Navy He later turned his experience on the high seas into a series of gripping thrillers that has captivated generations of readers young and old alike The Rival Submarines is full of the kind of edge of your seat excitement that propelled Westerman to the top of the bestseller list in his era *A Student's Guide to A2 Drama and Theatre Studies for the AQA Specification* Philip Rush,Robert Lowe,2004-10 **Mergers and Acquisitions: Performance consequences** Simon Peck,Paul Temple,2002 This set includes articles from the four main fields which have influenced the study of Mergers and Acquisitions Economics Finance Strategic Management and Human Resource Management Featuring the key papers by individuals who shaped the field the collection presents these formative pieces in thematically grouped sections including coverage of Perspectives on the modern business corporation and the role of mergers and acquisitions historical financial strategic and management Causes of mergers and acquisitions activity Performance impact of mergers and acquisitions activity Public policy and the corporation The set features a comprehensive index and original introductory material **The Rivals and Tracy's Ambition** Gerald Griffin,1978 The Rivals Richard Brinsley Sheridan,2008-07 A preface to a play seems generally to be considered as a kind of closet prologue in which if his piece has been successful the author solicits that indulgence from the reader which he had before experienced from the audience but as the scope and immediate object of a play is to please a mixed assembly in representation whose judgment in the theatre at least is decisive its degree of reputation is usually as determined as public before it can be prepared for the cooler tribunal of the study Thus any farther solicitude on the part of the writer becomes unnecessary at least if not an intrusion and if the piece has been condemned in the performance I fear an address to the

closet like an appeal to posterity is constantly regarded as the procrastination of a suit from a consciousness of the weakness of the cause From these considerations the following comedy would certainly have been submitted to the reader without any farther introduction than what it had in the representation but that its success has probably been founded on a circumstance which the author is informed has not before attended a theatrical trial and which consequently ought not to pass unnoticed
