**Paul Erdkamp**

## **The Roman Army:**

**The Roman Army** Pat Southern, 2007-10-01 Written by a leading authority on Roman military history this fascinating volume spans over a thousand years as it offers a memorable picture of one of the world's most noted fighting forces paying special attention to the life of the common soldier Southern here illuminates the Roman army's history culture and organization providing fascinating details on topics such as military music holidays strategy the construction of Roman fortresses and forts the most common battle formations and the many tools of war from spears bows and arrows swords and slingshots to the large catapulta which fired giant arrows and bolts and the ballista which hurled huge stones Perhaps most interesting are the details Southern provides about everyday life in the Roman army everything from the soldiers pay they were paid three times per year but money was deducted for such items as food clothing weapons the burial club the pension scheme and so on to their often brutal life if whole units turned and ran about one tenth of the men concerned were chosen by lot and clubbed to death and the rest were put on barley rations instead of wheat Moreover soldiers who lost weapons or their shields would fight savagely to get them back or would die in the process rather than suffer the shame that attached to throwing weapons away or running from the battle Attractively illustrated this book offers a fascinating look at the life of the Roman soldier drawing on everything from Rome's rich historical and archaeological record to soldier's personal correspondence to depictions of military subjects in literature and art *The Roman Army at War* Adrian Keith Goldsworthy, 1998 This detailed examination of the way in which the Roman army operated during a war and how it fought a battle breaks away from existing studies which mostly concentrate on the army in peacetime and attempts to understand the army as an institution whose ultimate purpose was to wage war Adrian Goldsworthy explores the influence to the Roman army's organization on its behaviour during a campaign emphasizing its great flexibility in comparison to most of its opponents He considers the factors determining the result of a conflict and proposes contrary to orthodox opinion that the Roman army was able to adapt successfully to any type of warfare Following the technique pioneered by John Keegan in *The Face of Battle* 1976 Dr Goldsworthy builds up a precise picture of what happened during battle tactics employed weaponry leadership behaviour of individuals as well as groups of soldiers and of utmost importance morale **The Roman Imperial Army of the First and Second Centuries A.D.** Graham Webster, 1998 This classic work of scholarship scrutinizes all aspects of Roman military forces throughout the Roman Empire in Europe North Africa and the Near and Middle East Graham Webster describes the Roman army's composition frontier systems camps and forts activities in the field including battle tactics signaling and medical services and peacetime duties as well as the army's overall influence in the Empire First published in 1969 the work is corrected and expanded in this third edition which includes new information from excavations and the finding of contemporary scholars Hugh Elton provides an introduction surveying scholarship on the Roman army since the last edition of 1985 *The Roman Army, 31 BC - AD 337* Brian Campbell, 2006-05-23 The Roman army is

remarkable for its detailed organisation and professional structure It not only extended and protected Rome s territorial empire which was the basis of Western civilisation but also maintained the political power of the emperors The army was an integral part of the society and life of the empire and illustrated many aspects of Roman government This sourcebook presents literary and epigraphic material papyri and coins which illustrate the life of the army from recruitment and in the field to peacetime and the community It is designed as a basic tool for students of the Roman army and Roman history in general

*The Making of the Roman Army* Lawrence Keppie,2002-01-04 In this new edition with a new preface and an updated bibliography the author provides a comprehensive and well documented survey of the evolution and growth of the remarkable military enterprise of the Roman army Lawrence Keppie overcomes the traditional dichotomy between the historical view of the Republic and the archaeological approach to the Empire by examining archaeological evidence from the earlier years The arguments of *The Making of the Roman Army* are clearly illustrated with specially prepared maps and diagrams and photographs of Republican monuments and coins

[The Roman Army](#) John Wilkes,1972 Discusses the way of life training and equipment of the Roman army and examines the duties of officers and soldiers of the legion

*The Roman Army* Charles River Editors,2017-11-29 Includes pictures Includes online resources and a bibliography for further reading

The Roman army is one of the most famous fighting forces in history Through its power and prowess a once obscure Italian city forged an empire that encircled the Mediterranean and covered half of Europe The physical remains of its presence can be traced from the mountainous borders of Scotland to the arid deserts of Egypt but its legacy is far greater and more enduring as Rome s influence continues to shape the political legal and cultural landscape of Europe to this very day While the Roman army is rightly famed as an institution the image of the individual legionary is also an iconic one The uniformed disciplined soldier of the late Republic and early Empire is one of the first things many people imagine when they think of Rome They are the ultimate image of the ancient soldier their arms and armor instantly recognizable Their abilities not only as warriors but also as engineers and administrators have made them role models for other soldiers through the centuries In the same vein their commanders are still celebrated and studied and generals the world over have tried to emulate the likes of Julius Caesar Of course recruiting and equipping the Roman army were hardly easy tasks Gathering new recruits wasn t difficult since service in the military was a requirement for social advancement but new soldiers had to be trained to fight as heavy infantry and work together For these men to be trained properly however they needed to have equipment including swords shields javelins helmets and assorted armor In addition to this the new recruits had to be clothed fed and paid while commanders had to be found Moreover one of the key ingredients to Rome s success was the military s complete willingness to incorporate discovered technologies If a different weapon type of armor or basic equipment or artillery worked better than what they were using the Romans were not afraid to adopt that piece of military hardware for their own uses Thus the Romans were almost always using the finest military equipment in the world all of which had long since proven effective on

the field of battle The Roman Army The History and Legacy of the Military that Revolutionized Ancient Warfare and Made Rome a Global Empire examines the history of one of the most famous fighting forces in the world Along with pictures depicting important people places and events you will learn about the Roman army like never before *The Roman Army* Dyan Blacklock,2004-03-01 An illustrated history of the Roman Army includes information about its composition organization training methods weapons and campaigns By the creators of Olympia Warrior Athletes of Ancient Greece **A Companion to the Roman Army** Paul Erdkamp,2011-03-31 This companion provides an extensive account of the Roman army exploring its role in Roman politics and society as well as the reasons for its effectiveness as a fighting force An extensive account of the Roman army from its beginnings to its transformation in the later Roman Empire Examines the army as a military machine its recruitment training organization tactics and weaponry Explores the relationship of the army to Roman politics economics and society more broadly Considers the geography and climate of the lands in which the Romans fought Each chapter is written by a leading expert in a particular subfield and takes account of the latest scholarly and archaeological research in that area **The Army in the Roman Revolution** Arthur Keaveney,2007-05-16 The Roman Revolution is one of the most momentous periods of change in history in which an imperial but quasidemocratic power changed into an autocracy This book studies the way the Roman army changed in the last eighty years of the Republic so that an army of imperial conquest became transformed into a set of rival personal armies under the control of the triumvirs It emphasizes the development of what has often been regarded as a static monolithic institution and its centrality to political change **The Roman Army** ,1979 Examines the armour tactics weapons and organization of the Roman army during the Macedonian campaign Caesar's conquest of Europe and the early years of Empire in Rome *Arms and Armour of the Imperial Roman Soldier* Raffaele D'Amato,Graham Sumner,2009-09-17 A survey of the various forms of armour worn by the Roman soldier from 112 BC to 192 AD featuring a wealth of illustrations and plates From the Latin warriors on the Palatine Hill in the age of Romulus to the last defenders of Constantinople in 1453 AD the weaponry of the Roman Army was constantly evolving Through glory and defeat the Roman warrior adapted to the changing face of warfare Due to the immense size of the Roman Empire which reached from the British Isles to the Arabian Gulf the equipment of the Roman soldier varied greatly from region to region Through the use of materials such as leather linen and felt the army was able to adjust its equipment to these varied climates Arms and Armour of the Imperial Roman Soldier sheds new light on the many different types of armour used by the Roman soldier and combines written and artistic sources with the analysis of old and new archaeological finds With a huge wealth of plates and illustrations which include ancient paintings mosaics sculptures and coin depictions this book gives the reader an unparalleled visual record of this fascinating period of military history This book the first of three volumes examines the period from Marius to Commodus Volume II will cover the period from Commodus to Justinian and Volume III will look at the period from Romulus to Marius An impressive achievement a testament to an enormous scholarly

effort and it is a significant contribution to the understanding of the Roman army Bryn Mawr Classical Review Without doubt this is the definitive study of clothing armour and weaponry worn by Roman soldiers during the golden age of their conquests D Amato has brought together a remarkable collection of archaeological photographs gathered over decades to illustrate every aspect of this military evolution A treasure trove of facts and illustrations that is essential reading for any Roman military enthusiast Tim Newark Military Illustrated Magazine *The Roman Army and the Economy* Paul Erdkamp,2021-11-15 Contents PART ONE SUPPLYING THE ROMAN ARMIES HERZ P Die Logistik der kaiserzeitlichen Armee Strukturelle berlegungen ERDKAMP P The Corn Supply of the Roman Armies during the Principate 27 BC 235 AD CARRERAS MONTFORT C The Roman military supply during the Principate Transportation and staples BLOIS L DE Monetary policies the soldiers pay and the onset of crisis in the first half of the third century AD PART TWO COMMUNICATIONS AND TRANSPORT HAYNES I Britain s First Information Revolution The Roman army and the transformation of economic life KISSEL Th Road building as a munus publicum KOLB A Army and transport PART THREE THE ROMAN WEST HISPANIA BRITANNIA AND GERMANIA DAVIES J L Soldiers peasants industry and towns The Roman army in Britain A Welsh perspective WHITTAKER C R Supplying the army Evidence from Vindolanda FUNARI P P A The consumption of olive oil in Roman Britain and the role of the army WIERSCHOWSKI L Das r mische Heer und die konomische Entwicklung Germaniens in den ersten Jahrzehnten des 1 Jahrhunderts REMESAL RODRIGUEZ J Baetica and Germania Notes on the concept of provincial interdependence in the Roman Empire KONEN H Die konomische Bedeutung der Provinzialflotten w hrend der Zeit des Prinzipates PART FOUR NORTH AFRICA AND THE EAST MORIZOT P Impact de l arm e romaine sur l conomie de l Afrique ROTH J The army and the economy in Judaea and Palestine ALSTON R Managing the frontiers Supplying the frontier troops in the sixth and seventh centuries **The Encyclopedia of the Roman Army, 3 Volume Set** Yann Le Bohec,2015-03-09 The Encyclopedia of the Roman Army is a comprehensive three volume reference to the armed forces deployed by ancient Rome during its Early Period Republic Principate and Late Antique times A comprehensive three volume reference work on one of the greatest military institutions in world history Offers broad coverage of the Roman army from the lives of individual soldiers to military issues such as hierarchical command structure tactics strategy and battle Analyzes the Roman army from a modern historical perspective including exploration of large themes relating to the military and Rome s economy politics and religion Spans Early Rome Republic Principate and Late Antiquity periods Includes contributions from many internationally renowned historians 3 Volumes www wileyonlinelibrary com ref romanarmy **History of The Roman Legions** Several Authors,2015-12-17 An extraordinary eBook Over 800 pages 42 full color illustrations out of the text of Tancredi Scarpelli Italian illustrator 30 full color illustrations out of the text of great painters various illustrations black and white in the text All the texts of this eBook are free available on the web Why buy it Because the book is a resource that provide to a considerable added value it coordinates in logical way to gather texts

**Storming The Heavens** Antonio Santosuosso,2001-08-15 The story of the Roman military machine begins with the crisis that enveloped Rome in the late second century B C when soldiers became the Empire s worst enemy pillaging citizens and creating social turmoil In the closing years of the second century B C the ancient world watched as the Roman armies maintained clear superiority over all they surveyed But Rome also faced an internal situation that endangered the supremacy across the expanse of the Empire Social turmoil prevailed at the heart of her territories led by an increasing number of dispossessed farmers too little manpower for the army and an inevitable conflict with the allies who had fought side by side with the Romans to establish Roman dominion Storming the Heavens looks at this dramatic history from a variety of angles What changed most radically Santosuosso argues was the behavior of soldiers in the Roman armies The troops became the enemies within their pillage and slaughter of fellow citizens indiscriminate their loyalty not to the Republic but to their leaders as long as they were ample providers of booty By opening the military ranks to all the new army abandoned its role as depository of the values of the upper classes and the propertied Instead it became an institution of the poor and drain on the power of the Empire Santosuosso also investigates other topics such as the monopoly of military power in the hands of a few the connection between the armed forces and the cherished values of the state the manipulation of the lower classes so that they would accept the view of life control and power dictated by the oligarchy and the subjugation and

dehumanization of subject peoples whether they be Gauls Britons Germans Africans or even the Romans themselves The Roman Army David J. Breeze,2016-02-11 This authoritative short volume introduces readers to the Roman army its structure tactics duties and development One of the most successful fighting forces that the world has seen the Roman army was inherited by the emperor Augustus who re organized it and established its legions in military bases many of which survived to the end of the empire He and subsequent emperors used it as a formidable tool for expansion Soon however the army became fossilized on its frontiers and changed from a mobile fighting force to a primarily defensive body Written by a leading authority on the Roman army and the frontiers it defended and expanded this is an invaluable book for students at school and university level as well as a handy guide for general readers with an interest in military history the rise and development and fall of the Roman legions and the ancient world **An Introduction to the Roman Military** Conor Whately,2020-07-29 Follows the military lives of three soldiers across the Roman world providing interesting historical insight into the Roman military from the late republic to the end of antiquity in the west This book introduces readers to three historical Roman soldiers Titus Pullo from the late republic Aurelius Polion from the high imperial era and Flavius Aemilianus from late antiquity The three men inspire the themes and chronological organization of the text Drawing on a wide and diverse body of evidence the author charts their lives from enlistment to death or retirement allowing students to envision the life of a Roman soldier who is on duty or experiencing adventures across the Roman world **An Introduction to the Roman Military From Marius 100 BCE to Theodosius II 450 CE** starts with a historical overview before introducing readers to the Roman soldier It covers such things as the military hierarchy soldierly origins recruitment and training and the soldier s appearance and identity The next section looks at the Roman military during war its environment strategies campaigns and enemies Their existence during times of peace follows that and focuses on how soldiers celebrated victory mourned defeat and readjusted to civilian life after a war The book also features a timeline for readers to follow as well as two glossaries one filled with Roman military terms and the other with important names and events Authentically captures the experiences of Roman soldiers Educates undergraduate or graduate students on Roman military history Describes Roman soldiers based on legal epigraphic and archaeological evidence Emphasizes the human side of the Roman military Moves through three Roman historical periods the late republic high imperial and late antiquity **An Introduction to the Roman Military** is an engaging choice as a text for specific courses on the Roman military or army It is also suitable for more general courses covering ancient warfare In addition to university students researchers and history enthusiasts will have the opportunity to follow the military lives of three Roman soldiers with this unique book The Logistics of the Roman Army at War Jonathan Roth,Jonathan P. Roth,1999 This work is devoted to a study fo Roman logistics from the Punic Wars through the Principate It explores various aspects of supply rations trains foraging supply lines administration and logistics in warfare The book traces the increasing sophistication of the Roman military supply system Roman Army Graham Sumner,1997 Drawings

reproductions of statuary and color photographs of reconstructed apparel and fighting positions enhance the reference for collectors military historians war gamers military modelers and others interested in the Roman imperial army A chronology of wars from Augustus campaign in Gaul in 27 BC to Aurelianus s various battles in the 270 s AD is followed by chapters on the organization of the army armor and helmets military clothing and weapons and equipment Museums with relevant exhibits are also listed Annotation copyrighted by Book News Inc Portland OR
