The Samson Option:

The Samson Option Seymour M. Hersh, 1991 Exposes one of the most well protected political military secrets of the Cold War [Bulletin of the Atomic Scientists](#), 1992-03 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world **Samson Option** Seymour M. Hersh, 1991-02-01 Israel has been a nuclear power for more than 25 years Yet even in 1991 Israeli officials denied that their country possessed an atomic arsenal Here for the first time is the story of the Israeli nuclear weapons program its influence on world events Recounts Israel's clandestine nuclear mission from the building of a reactor site in the Negev desert during the late 1950s to the establishment by the late 1970s of a sophisticated underground nuclear production facility that targeted threatened Israel's enemies in the Middle East as well as the Soviet Union itself America turned a blind eye toward Israel's nuclear capacity while paying lip service to the goal of nuclear non proliferation **The Samson Option** Seymour M. Hersh, 1991 Exposes one of the most well protected political military secrets of the Cold War *The Samson Option* Sharon Geyer, 2004 Samuel Rosen passed from this life into the next with no struggle no anxiety as the thin blade severed the artery in his throat His killer calmly stepped back out of the range of the spurting blood wiped off his knife with a corner of the duvet and whispered Allah Akbar God is great Far away in Bombay Ari Ben Chaim learns that four people in his life have been murdered by unknown assassins his adoptive parents a psychologist who treated him after he resigned from the Israeli Army even an old Englishwoman who had been his baby nurse many years before and Ari must find out why He returns to Israel in search of answers only to find more questions when he is kidnapped by a Muslim splinter group escapes and then is recruited by the Israeli intelligence service for a top secret mission into the heart of Iran's weapons program [The Jewish Divide Over Israel](#) Paul Bogdanor, 2017-07-05 Before 1967 Israel had the overwhelming support of world opinion So long as Israel's existence was in harmony with politically correct assumptions it was supported or at least accepted by the majority of progressive Jews especially in the wake of the Holocaust This is no longer the case *The Jewish Divide Over Israel* explains the role played by prominent Jews in turning Israel into an isolated pariah nation After their catastrophic defeat in 1967 Arabs overcame inferiority on the battlefield with superiority in the war of ideas Their propaganda stopped trumpeting their desire to eradicate Israel Instead in a calculated appeal to liberals and radicals they redefined their war of aggression against the Jews as a struggle for the liberation of Palestinian Arabs The tenacity of Arabs rejection of Israel and their relentless campaign in schools universities churches professional organizations and above all the news media to destroy Israel's moral image had the desired impact Many Jewish liberals became desperate to escape from the shadow of Israel's alleged misdeeds and found a way to do so by joining other members of the left in blaming Israeli sins for Arab violence Today Jewish liberals rationalize violence against the innocent as resistance to the oppressor excuse Arab extremism as the frustration of a

wronged party and redefine eliminationist rhetoric and physical assaults on Jews as criticism of Israeli policy Israel's Jewish accusers have played a crucial and disproportionate role in the current upsurge of antisemitism precisely because they speak as Jews The essays in this book seek to understand and throw back the assault on Israel led by such Jewish liberals and radicals as Tony Judt Noam Chomsky George Steiner Daniel Boyarin Marc Ellis Israel Shahak and many others Its writers demonstrate that the foundation of the state of Israel far from being the primal sin alleged by its accusers was one of the few redeeming events in a century of blood and shame

Road to Iraq Muhammad Idrees Ahmad, 2014-06-30 The Iraq war its causes agency and execution has been shrouded in an ideological mist Now Muhammad Idrees Ahmad dispels the myths surrounding the war taking a sociological approach to establish the war's causes identify its agents and describe how it was sold Ahmad presents a social history of the war's leading agents the neoconservatives and shows how this ideologically coherent group of determined political agents used the contingency of 9/11 to overwhelm a sceptical foreign policy establishment military brass and intelligence apparatus propelling the US into a war that a significant portion of the public opposed The book includes an historical exploration of American militarism and of the increased post WWII US role in the Middle East as well as a reconsideration of the debates that John Mearsheimer and Stephen Walt sparked after the publication of *The Israel Lobby and US Foreign Policy*

presence of these infrared sensors orbiting 22 000 miles above the earth discouraged a Soviet first strike and stabilized international relations between the superpowers and they now play a crucial role in monitoring the missile programs of China India and other emerging nuclear powers Jeffrey Richelson has written the first comprehensive history of this vital program tracing its evolution from the late 1950s to the present He puts Defense Support Program operations in the context of world events from Russian missile programs to the Gulf War and explains how DSP s infrared sensors are used to detect meteorites monitor forest fires and even gather industrial intelligence by seeing the lights of steel mills The Samson Option Seymour M.
