The Genocide of the Christian Populations in the Ottoman Empire and its Aftermath (1908-1923) Taner Akçam,Theodosios Kyriakidis,Kyriakos Chatzikyriakidis,2023-01-31 During the twilight years of the Ottoman Empire the ethnic tensions between the minority populations within the empire led to the administration carrying out a systematic destruction of the Armenian people This not only brought 2 000 years of Armenian civilisation within Anatolia to an end but was accompanied by the mass murder of Syriac and Greek Orthodox Christians Containing a selection of papers presented at The Genocide of the Christian Populations of the Ottoman Empire and Its Aftermath 1908 1923 international conference hosted by the Chair for Pontic Studies at the Aristotle University of Thessaloniki this book draws on unpublished archival material and an innovative historiographical approach to analyze events and their legacy in comparative perspective In order to understand the historical context of the Ottoman Genocide it is important to study apart from the Armenian case the fate of the Greek and Assyrian peoples providing a more comprehensive understanding of the complexity of the situation This volume is primarily a research contribution but should also be valued as a supplementary text that would provide secondary reading for undergraduates and postgraduate students

The Political Crisis and Christian Ethics Ronald H. Stone,2023-09-26 The Political Crisis and Christian Ethics addresses themes in political philosophy in the context of a crisis in democracy after the denial of the 2020 election by the Republican candidate for president The refusal to accept the results of the election divided the electorate and drove the president s followers to fail in their attempted coup attempt in January of 2020 Democracy is defended in Reinhold Niebuhr s writing on politics and in Barack Obama s use of the theologian s thought It is developed further in the political theory of Paul Tillich The themes of just peacemaking are reviewed in Paul Tillich s critique of John Foster Dulles work and in the author s critique of just peacemaking in the work of Glen Stassen Domestically the issues of race inequality ecology and healthcare are addressed from the perspective of prophetic realism The book concludes in terms of Alfred North Whitehead s philosophy of education and religion and a vision of the good president In summary The Political Crisis and Christian Ethics is a volume of American Christian political theory in a period of overcoming the trauma of 2016 with Christian ethics and political philosophy

A Christian Apologetic For Christian

Apologists Lance Waldie,2013-01-09 The Christian faith is based on historical truths that if properly understood can be defended as truth and not wishful thinking In a day and age where it is said that truth does not exist or that truth is whatever people believe it is Christians must stand up and present the truth of Jesus Christ in a loving and clear way We are to be prepared at all times to defend our faith why we believe that Jesus is the Christ the Son of God This book lays out the traditional arguments for the existence of God proves that there must be only one God for anything to exist that does exist and then it demonstrates that the only God is Jesus Christ Moreover the Bible is shown to be reliable and believable for it is the logical avenue through which God if He exists would communicate with His people
