**The Church in a Changing World** ,2010      The Church in a Changing World Reed M. Holmes,1969      *Ancient Word, Changing Worlds* Stephen J. Nichols, Eric T. Brandt, 2009-03-10 Belief in the Bible as God's authoritative revelation to humanity forms the bedrock of the Christian faith laying the groundwork for nearly everything in the practice of theology For the last 150 years or so this doctrine has been put under the microscope of the modern age with focused attention and criticism falling on three main subject areas the authority of Scripture the sufficiency of Scripture and the interpretation of Scripture *Ancient Word Changing Worlds* tells the story of these developments in the doctrine of Scripture in the modern age combining in one volume both narrative chapters and chapters devoted to primary source materials This new genre of historical theology will appeal to general readers who will be drawn in by the book's prose style and students who will benefit from features like timelines charts explanations of key terms and introductions and explanatory notes for the primary source documents      **The Changing World of Christianity** Dyron B. Daugherty, 2010 Christianity has changed Formerly known as the religion of Europe and North America it is now a religion of the Global South Asia Africa and Latin America However Christianity has never been merely a Western phenomenon it has always been a borderless religion Indeed in six of the world's eight cultural blocks Christianity is the largest faith With convenient maps helpful statistics and concise histories of each of the world's major cultural blocks *The Changing World of Christianity* is a dynamic guide for understanding Christianity's new ethos From Ireland to Papua New Guinea Argentina to China South Africa to Russia this book provides a clear and encyclopedic look at Christianity the world's largest and most global religion      Changing Worlds Robin Gill, 2002-10-01 Churches everywhere are experiencing change In his thought provoking book Professor Robin Gill identifies the main challenges facing the church and reflects on how Christians should respond He first studies the immense moral challenges of our rapidly changing world religion and the environment the arms trade including reflection on the global situation since the attack on New York on 11 September 2001 media ethics and the Lambeth Conference and sexual ethics The second part focuses on the changing patterns of churchgoing and addresses anxieties about churchgoing decline in the West which run parallel with claims about rapid church growth elsewhere The third part looks at changes in theological education The author argues for greater honesty in the church and for a judicious use of both theology and sociology which would equip Christians to face the enormous challenges of our world today      **The Church in a Changing World** Angus MacLeod, 19??
