**The Civilization of Angkor** Charles Higham, 2001 In the late sixteenth century a mythical encounter was reported on an elephant hunt in the dense jungle north of the Tonle Sap or Great Lake of central Cambodia King Satha of Cambodia and his retainers were beating a path through the undergrowth when they were halted by stone giants and then a massive wall The King the fable reported ordered 6 000 men to bring down the wall thereby exposing the city of Angkor lost for over a century Subsequent reports from Portuguese missionaries described its four gateways with bridges flanked by stone figures leading across a moat There were idols covered in gold inscriptions fountains canals and a temple with five towers called Angkor sic For four centuries this huge complex has inspired awe amongst visitors from all over the world but only now are its origins and history becoming clear This book begins with the progress of the prehistoric communities of the area and draws on the author s recent excavations to portray the rich and expansive chiefdoms that existed at the dawn of civilization It covers the origins of early states up to the establishment zenith and decline of this extraordinary civilization whose most impressive achievement was the construction of the gilded temple mausoleum of Angkor Wat in the twelfth century allegedly by 70 000 people Drawing on the latest research on prehistoric archaeology epigraphy and art history Charles Higham has written a clear and concise history of this remarkable civilization The Origins of the Civilization of Angkor Charles Higham, 2013-04-25 The Origins of the Civilization of Angkor reflects the results of a research programme conducted by Charles Higham over the last twenty years highlighting much entirely new and occasionally surprising information and providing a distinct perspective on cultural change over two millennia The book covers the background of environmental change the adoption of rice farming archaeogenetics the adoption of copper based metallurgy the iron age and the origins of state formation **The Civilization of Angkor** Madeleine Giteau, 1976 The Origins of the Civilization of Angkor C.
